⚖️ Understanding My Rights: Reading

Transitions · Unit 1 · Level 3 (closer to the class work) · goes with Transitions Level 2 slides: Understanding My Rights + Right or Not a Right? cards

Name: _____

⏱️ **5-minute review**

- What is self-advocacy?
- Name one support that helps you learn.
- Who is on your school team?

Rights and Responsibilities

A right is something every student should have. At school you have the right to be respected, to say “no” to unsafe things, to ask questions and to ask for the accommodations in your plan, like extra time.

Every right comes with a responsibility. If I am respected, I respect others. If I say no to something unsafe, I tell an adult. If I ask questions, I listen to the answer. If I ask for my accommodations, I ask calmly and use them.

Some things are not rights. Skipping work any time, taking someone's phone because they took yours, leaving school without telling anyone or yelling at someone are not rights. They break rules or hurt others.

Knowing your rights helps you speak up for yourself at school, at work and in the community.
