My IEP

An IEP is my plan for school. It lists my goals and the supports that help me. My team meets every year, and I am part of the team.

My team can include me, my family, my teachers, my case manager and other helpers like a speech teacher or a job coach.

To lead my IEP I prepare three things: my strengths (things I already do well), my goals (things I am working toward) and my supports (things that help me learn or work).

A 30-second intro helps: “Hi, I'm ___. I'm good at ___. I'm working on ___. It helps me when ___.”
