🏠 Independent Living: Reading · ANSWER KEY

Transitions · Unit 2 · Level 3 (closer to the class work) · goes with Transitions Level 2 slides: What Is Independent Living? + printables

Name: _____

⏱️ **5-minute review**

- What makes an ask strong? Name 2 parts.
- Your teacher talks too fast. What do you say?
- Why is “please” important?

Independent Living

Independent living means I do my home jobs myself. It also means I ask for help the right way, because nobody does everything alone.

This unit practices five skills: sorting utensils, washing dishes, wiping surfaces, sweeping the floor, and sorting and folding laundry.

Words to know: independent means I do it myself. A chore is a job at home. A routine is steps I do the same way each time. A utensil is a tool to eat or cook with. A category is a group that goes together. Organize means put things in order.

Routines make chores easier: when you do the steps the same way each time, you remember them and you finish faster.
