👩🏾‍🏫 Staff Guide · Small Engines Overhaul · Unit 0 Shop Start-Up & Safety (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in the class teacher's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Week 1: Small Engines Syllabus 2026-2027 + contract, FHS shop contract, Class Norms, Day One activity, Small Engine Overhaul Shop TEST")	**Level 1 piece**
Syllabus + signatures, FHS shop contract	Slides "Syllabus Rules" + notes C; students take contract home
Class Norms	Slides "Clean Up" + notes C
Day One activity (two truths and a lie)	Do with the class; L1 may answer by pointing
Small Engine Overhaul Shop TEST	Full test with accommodations or the modified test (00-shop-safety)
Class slides	Deck: 17 slides, Words to Know first, "point to the picture" checks, recap
His worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	8 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Safety test: read aloud, one part at a time, pictures and word banks (full test); or the modified test if the IEP allows
- Picture shop-rules card at the bench

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part
- Cover one choice to make it 2

4. What to grade

- Shop TEST: syllabus requires 80% before shop work; give the accommodated full test first, the modified test only as the IEP allows
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in his files say "check with the class teacher".

🚧 Under construction (check with the class teacher)

- **Shop Safety TEST**: The Canvas quiz has 0 questions in the export; our tests are team-written.
- **Room-specific rules**: Extinguisher, eyewash and exit locations depend on Mr. Davis's shop; add them on the shop walk.

⚠️ Shop safety (with adult supervision)

- **Tools**: students may use all shop tools (hand tools, measuring tools, flywheel puller, valve tools, torque wrench, power tools) **with adult supervision**. Staff model first, stay at the bench, and count tools back in.
- **Eyes and body**: safety glasses on in the shop at all times; coveralls, closed-toe shoes, no loose clothing, long hair tied back, no dangling jewelry.
- **Fuel and oil**: gasoline is flammable. Drain fuel with adult supervision, outside or in a ventilated area, no sparks or flames nearby. Oily rags go in the metal safety can. Gloves for oil; wash hands after.
- **Exhaust**: engines are only started with adult supervision in a well-ventilated area or outdoors (carbon monoxide). Hot mufflers and cylinders burn: let parts cool.
- **Springs and sharp edges**: valve springs and rewind starter springs store energy; use the right tool with adult supervision and eyes protected. Blades, flywheel fins and piston rings can cut.
- **Before working on an engine**: disconnect the spark plug wire so the engine cannot start.
- **Lifting**: engines are heavy; lift with a partner, bend the knees. Car lifts, jacks and 18-wheeler work are video topics in this class.
- **Clean-up**: wipe spills right away (slips), sweep, return every tool to its spot.

👩🏾‍🏫 Staff Guide · Shop Safety Walk & Tool Board (Level 1)

Small Engines Overhaul · Unit 0 · goes with the class “Class Norms / FHS shop contract” (class points). Level 1 = about 2nd-grade reading. Same activity, same day, same points as the class.

1. The pieces

- **Task card**: Modified from the class “Class Norms / FHS shop contract”. 7 steps, one per box.
- **Prep sheet**: jobs, tools checklist, safety. Do it the day before or at the start.
- **Slides**: jobs, safety, steps, 3 checks.
- **Reflection**: replaces the written parts.
- **Game**: on the class site.

2. Prompts while they work

- Show me the first step.
- Which tool do we need now?
- Where do your hands go while the tool is turning?
- What should we do when we finish?

3. Modifications

- Model first, then the student tries with adult supervision
- Picture task card at the bench
- Parts tray with labeled cups for small parts

4. What to grade (class points)

- Did the steps with support (photo proof)
- My Check page done
- Pointing, saying, or circling counts as a full answer.
- Modified grading only as the IEP allows. Check with the case manager.

5. Ask

- Mr. Driver (SLE).

🚧 Under construction (check with the class teacher)

- **This packet**: Room locations (extinguisher, eyewash, exits) are specific to Mr. Davis's shop; staff fill them in on the walk.

⚠️ Shop safety (with adult supervision)

- **Tools**: students may use all shop tools (hand tools, measuring tools, flywheel puller, valve tools, torque wrench, power tools) **with adult supervision**. Staff model first, stay at the bench, and count tools back in.
- **Eyes and body**: safety glasses on in the shop at all times; coveralls, closed-toe shoes, no loose clothing, long hair tied back, no dangling jewelry.
- **Fuel and oil**: gasoline is flammable. Drain fuel with adult supervision, outside or in a ventilated area, no sparks or flames nearby. Oily rags go in the metal safety can. Gloves for oil; wash hands after.
- **Exhaust**: engines are only started with adult supervision in a well-ventilated area or outdoors (carbon monoxide). Hot mufflers and cylinders burn: let parts cool.
- **Springs and sharp edges**: valve springs and rewind starter springs store energy; use the right tool with adult supervision and eyes protected. Blades, flywheel fins and piston rings can cut.
- **Before working on an engine**: disconnect the spark plug wire so the engine cannot start.
- **Lifting**: engines are heavy; lift with a partner, bend the knees. Car lifts, jacks and 18-wheeler work are video topics in this class.
- **Clean-up**: wipe spills right away (slips), sweep, return every tool to its spot.

🛡️ Shop Start-Up & Safety Notes

Small Engines Overhaul · Unit 0 · Level 1

Name: _____

✏️ A. Trace the word. Then copy it.

 glasses _____

 coveralls _____

 gas _____

 extinguisher _____

🖼️ B. Fill in the word. Use the pictures.

5.  I wear safety _____ on my eyes.

6.  I wear _____ over my clothes.

7.  _____ can catch fire.

8.  Tools go back on the tool _____.

Word bank:  **board**  **coveralls**  **Gas**  **glasses**

⭕ C. Circle the right picture.

9. Who is with me when I use tools?

Nobody

An adult

10. Shoes in the shop…

Flip-flops

Cover my toes

11. A spill on the floor…

Wipe it up now

Walk past it

🔗 D. Draw a line from the picture to the word.

body

feet

fire

eyes

📖 Shop Start-Up & Safety: Vocabulary Picture Cards (Level 1)

Name: _____

Cut on the dashed lines. Use the cards to match, sort, or quiz a partner.

Safety glasses

glasses that protect eyes

Coveralls

work clothes over my clothes

Closed-toe shoes

shoes that cover toes

Flammable

can catch fire

Fire extinguisher

puts out fires

Carbon monoxide

a gas from engines that can hurt you

Tool board

where tools live

Contract

a paper I sign to agree

🧯 Shop Safety Walk & Tool Board

Small Engines Overhaul · Unit 0 · Level 1

Name: _____

Modified from the class “Class Norms / FHS shop contract”.

🧺 Supplies: get it. Check ☐.

- ☐ 🥽 **Safety glasses** one per student
- ☐ 👖 **Coveralls**
- ☐ 📋 **Shop map sheet** staff draw or print
- ☐ 🧯 **Fire extinguisher** find it, don't touch
- ☐ 🧰 **Tool board** look only
- ☐ 📸 **Camera/iPad** photos

🧯 Do one box. Check ☐ it.

1		Glasses on.	☐
2		Coveralls on.	☐
3		Walk with an adult.	☐
4		Point to the fire extinguisher.	☐
5		Point to the exits.	☐
6		Find 3 tools on the board.	☐
7		Put stickers on the map.	☐

🚧 **Under construction:** Room locations (extinguisher, eyewash, exits) are specific to Mr. Davis's shop; staff fill them in on the walk. *Check with the class teacher.*
