👩🏾‍🏫 Staff Guide · Small Engines Overhaul · Unit 2 Engine Careers (Level 2)

Level 2 = about 3rd-grade reading. SLE students stay in the class teacher's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Careers in Automotive Industry videos, Careers Assignment (Career Explorer, Engines Career Exploration, Personal Career Exploration, Career Comparison Chart), Wyotech presentation, car lift / tire / 18-wheeler brake videos")	**Level 2 piece**
Careers in Automotive Industry (pick 7 of 17 videos)	L1/L2: pick 3 videos; use the career video guide
Career worksheets x4	Notes A-C + shared Ag Science careers pieces
Wyotech presentation handout	Slides "Training Paths"
Car lift / tire / 18-wheeler brake videos	Slides "Shop Videos" + video guide
Class slides	Deck: 15 slides, Words to Know first, hold-up-1-2-3 checks, recap
His worksheets (grouped into lessons)	Guided notes: 9 items + key
Class quiz / notes check	Quiz: 10 questions + key
Vocabulary	8 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- Short lines, key words bold, word bank in every notes box
- Quiz: 3 choices, no "all of the above"
- Career research: first name only, no personal info online
- Career Explorer test: staff read questions aloud

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part

4. What to grade

- Careers videos: L1 notes 1 picture per video for 3 videos; L2 2 facts per video for 3-4 videos
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in his files say "check with the class teacher".

⚠️ Shop safety (with adult supervision)

- **Tools**: students may use all shop tools (hand tools, measuring tools, flywheel puller, valve tools, torque wrench, power tools) **with adult supervision**. Staff model first, stay at the bench, and count tools back in.
- **Eyes and body**: safety glasses on in the shop at all times; coveralls, closed-toe shoes, no loose clothing, long hair tied back, no dangling jewelry.
- **Fuel and oil**: gasoline is flammable. Drain fuel with adult supervision, outside or in a ventilated area, no sparks or flames nearby. Oily rags go in the metal safety can. Gloves for oil; wash hands after.
- **Exhaust**: engines are only started with adult supervision in a well-ventilated area or outdoors (carbon monoxide). Hot mufflers and cylinders burn: let parts cool.
- **Springs and sharp edges**: valve springs and rewind starter springs store energy; use the right tool with adult supervision and eyes protected. Blades, flywheel fins and piston rings can cut.
- **Before working on an engine**: disconnect the spark plug wire so the engine cannot start.
- **Lifting**: engines are heavy; lift with a partner, bend the knees. Car lifts, jacks and 18-wheeler work are video topics in this class.
- **Clean-up**: wipe spills right away (slips), sweep, return every tool to its spot.

👷 Engine Careers Notes

Small Engines Overhaul · Unit 2 Engine Careers · Level 2 guided notes. Use with the class slides.

Name: _____

Fill in each blank with a word from the word bank in that box. Each word is used one time.

A. Careers

1. Match the career to the work:

Auto technician	mowers and saws
Diesel technician	boat motors
Small engine tech	cars
Marine technician	trucks and buses

B. Training

2. An _____ learns on the job while being paid.

3. A _____ proves you passed a skills test.

4. Wyotech is a technical _____.

Word bank: **apprentice** **certification** **school**

C. Comparing

5. Compare wage, _____ and working conditions.

6. Showing up on _____ is a soft skill.

Word bank: **time** **training**

Level 2 version of the gen ed “Careers Assignment + Wyotech handout.”

📖 Engine Careers: Vocabulary Picture Cards (Level 2)

Name: _____

Cut on the dashed lines. Use the cards to match, sort, or quiz a partner.

Mechanic

A worker who inspects, repairs and maintains engines and machines.

Small engine technician

A technician who repairs lawn mowers, chainsaws, trimmers, ATVs and outboard motors.

Diesel technician

A technician who repairs diesel engines in trucks, buses and farm machines.

Training

School or programs after high school, like a tech college, apprenticeship or Wyotech.

Certification

Proof you passed a test for a skill, like an ASE certificate.

Wage

The pay a worker gets for each hour or year of work.

Apprentice

A beginner who learns a trade on the job while being paid.

Soft skills

Work habits employers want: showing up on time, teamwork, honesty, communication.

✅ Engine Careers Quiz

Small Engines Overhaul · Unit 2 · Level 2 (modified). 10 questions · 3 choices each · 1 point each.

Name: _____

Circle the best answer. You may have the questions read aloud.

1. 🚚 A diesel technician works on…

A. Computers | B. Trucks and buses | C. Teeth

2. 🏍️ A small engine tech repairs…

A. Airplanes only | B. Phones | C. Mowers, saws, trimmers

3. 🚤 A marine technician repairs…

A. Boat motors | B. Bikes | C. Ovens

4. 🎓 Wyotech is…

A. A car brand | B. A tool | C. A technical school

5. 🧰 An apprentice…

A. Learns on the job while paid | B. Never works | C. Only reads

A. Circle, all the way at once | B. Any order | C. Star pattern

10. 🛗 A car lift is used…

A. By trained workers at the lift points | B. By anyone | C. Without looking

🎬 Careers in Automotive Industry (videos)

Small Engines Overhaul · Unit 2 · Level 2 video guide (modified). Mr. Davis's YouTube career playlist (Canvas). L1/L2 pick 3 videos.

Name: _____

Before you watch

What engine job sounds interesting to you? _____

While you watch: circle the best answer

1. Which job did the video show?

A. A chef | B. An engine or auto technician | C. A pilot

2. What tools did they use?

A. Paint brushes | B. Pots and pans | C. Wrenches and scan tools

3. What training did they need?

A. Tech school or apprenticeship | B. None | C. Medical school

4. What soft skill did they mention?

A. Sleeping in | B. Skipping work | C. Teamwork or being on time

After you watch: finish the sentence

5. After watching, finish the sentence:

One job I might like is _____

Goes with the class "Careers in Automotive Industry" (class points pts). Same points when complete.

🎬 Ag Explorer Career Finder

Ag Science 1 · Unit 4 · Level 2 video guide (modified). Website: agexplorer.com → Career Finder → Start. Answer the 3 boxes.

Name: _____

While you watch: circle the best answer

1. How many job ideas does the Career Finder give you?

A. 1 | B. 4 | C. 20

2. The Career Finder asks about…

A. Your grades | B. Your address | C. What you like to do

After you watch: finish the sentence

3. The 4 jobs I got were:

1. _____ 2. _____ 3. _____ 4. _____

_____

4. One job I would like is

_____ because _____. _____

5. Were you surprised?

I was / was not surprised because _____.

_____

Goes with the class “Ag Explorer Career Finder” (10 pts). Same points when complete.
