⚡ Spark Plug & Spark Check

Small Engines Overhaul · Unit 6 · Level 2

Name: _____

Modified from the class “Ignition Handout”.

🧺 Supplies

- ☐ 🔧 **Spark plug socket** + ratchet
- ☐ 📏 **Gap gauge**
- ☐ 🧪 **Spark tester**
- ☐ 📄 **Gauge card** air gap
- ☐ ⚡ **New spark plug** optional
- ☐ 📋 **Plug color chart**

⚡ Steps: check each box when you finish

1. 🔌 Disconnect the plug wire. ☐
2. 🔧 Remove the spark plug with the socket. ☐
3. 📋 Compare the plug's color to the chart; record. ☐
4. 📏 Check and set the gap to spec. ☐
5. 🔩 Reinstall the plug by hand, then snug with the wrench. ☐
6. 🧪 Attach the spark tester; pull the rope; record spark color. ☐
7. 📄 With adult supervision, check the armature air gap with the gauge card. ☐

🚧 **Under construction:** Plug and air gap specs depend on the engines in Mr. Davis's shop; staff fill in the spec. *Check with the class teacher.*
