📖 Soil & Nutrients: Vocabulary Picture Cards (Level 2)

Name: _____

Cut on the dashed lines. Use the cards to match, sort, or quiz a partner.

Sand

The largest soil particles. Water drains fast through sand.

Silt

Medium-sized particles that feel smooth like flour.

Clay

The smallest particles. Clay is sticky and holds water.

Loam

A mix of sand, silt and clay that holds water and drains well.

Potting mix

A growing medium (peat, bark, perlite) used in greenhouse pots instead of garden soil.

Nitrogen (N)

Nutrient for green, leafy growth. Too little = yellow older leaves.

Phosphorus (P)

Nutrient for roots, flowers and seeds. Too little = purple leaves, poor roots.

Potassium (K)

Nutrient for strong stems and disease resistance. Too little = brown, scorched leaf edges.

Soil texture triangle

A triangle chart that uses % sand, silt and clay to name the soil type.
