🪱 Soil & Nutrients: Guided Notes · ANSWER KEY

Horticulture 1 · Unit 5 · Level 3 (closer to the class work) · goes with Plant Nutrition Definitions, Soil Analysis Parts 1-2, deficiencies

Name: _____

Use the class slides and your reading. Key words:

potting mix · *perlite* · *sand* · *silt* · *clay* · *loam* · *soil texture triangle* · *nitrogen* · *phosphorus* · *potassium* · *deficiency*

A. Media and soil

1. Fill in the table.

Particle	Size	Water
Sand	**largest**	**drains fast**
Silt	**medium**	**moderate**
Clay	**smallest**	**holds water**

B. Jar test math

2. **Percent of a layer**

> Percent = layer depth ÷ total depth × 100
> Example: sand 1.5 cm of 3 cm → 1.5 ÷ 3 × 100 = 50%

a) Silt 0.9 cm of 3 cm **30%**

b) Clay 0.6 cm of 3 cm **20%**

C. N-P-K

3. Fill in the table.

Nutrient	Job	Deficiency sign
N	**green leafy growth**	**yellow older leaves**
P	**roots, flowers, seeds**	**purple leaves**
K	**strong stems, disease resistance**	**brown scorched edges**
