👩‍🏫 Staff Guide · Horticulture 1 · Unit 9 Wreaths & Floral Design (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in the class teacher's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Unit 9 Seasonal/Floral Design (textbook Units 46 Wreaths, 49 Floral Design): wreaths and swags (video + 6 questions), harvest centerpiece, rose sale pricing, succulent garden planter, painted pots, plant collection, 5th-grade tours, plant sale inventory/advertising")	**Level 1 piece**
Wreaths/Swags (YouTube + 6 questions)	Slides + notes A + Wreath packet
Harvest centerpiece in a pumpkin	Slide "Harvest Centerpiece" (staff carve)
Succulent garden planter + slides	Succulent Planter packet
Rose sale pricing, plant sale inventory/advertising	Slide "Pricing" + notes C
Painted pots, plant collection, 5th-grade tours, guest speaker	Use packet reflections; tours: student greets and shows one plant
Class slides	Deck: 17 slides, Words to Know first, "point to the picture" checks, recap
Her worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	9 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Pre-made bundles for Level 1 wreaths
- Money handling always with a staff partner

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part
- Cover one choice to make it 2

4. What to grade

- Wreath/centerpiece: finished product + photo; same points as class
- **Notes**: same points as her worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in her files say "check with the class teacher".

🚧 Under construction (check with the class teacher)

- **Textbook Units 46 & 49**: Wreath and floral design chapters are not scanned; notes are team-written.
- **Rose Sale pricing / Painted Pots / Missouri Botanical Garden**: Title only in the export.
- **Guest speaker**: Zoom link with passcode removed; not posted.

💗 Note

Wreath materials: holly and mistletoe berries are poisonous; students who mouth objects need one-to-one supervision. Hot glue: low-temp only. Pumpkin carving: staff only.

⚠️ Safety: tools and plants

- **Tools**: students may use all tools (pruners, knives, floral wire, low-temp glue guns) **with an adult right there**. Staff hand tools out, stay at the station, and count them back in. Cut-resistant gloves if possible.
- **Poinsettia sap** is milky and can irritate skin and eyes. Gloves on, no rubbing eyes, wash hands after.
- **Latex**: poinsettias are in the latex family. Students with a latex allergy wear non-latex (nitrile) gloves or skip handling; check health plans.
- **Bees and pollen**: check IEP/health plans for bee-sting or pollen allergies and know where the EpiPen is before greenhouse work.
- **Mouths**: no plants, soil, seeds, berries, fertilizer or rooting hormone in mouths. Students who mouth objects or have pica need one-to-one eyes in the greenhouse. Many plants (holly and mistletoe berries, some houseplants) are poisonous.
- **Chemicals**: rooting hormone and fertilizer with gloves, then wash hands. Pesticides and growth regulators are staff/teacher only; students never spray or handle them.

- **Greenhouse**: wet floors and hoses (slips), heat (water breaks), wet dry potting mix first (dust).
