Name: _____ Date: _____

Choose the Right Tool (Level 3)

Read each job. Circle the best tool. Some choices could work, but only one is the best and safest. Explain your thinking where asked.

1. Slice a loaf of bread

A. Chef's knife	B. Bread knife (serrated)	C. Butter knife	D. Peeler

Why? _____

2. Mix pancake batter until smooth

A. Whisk	B. Spatula	C. Ladle	D. Tongs

3. Measure 1 teaspoon of salt

A. Tablespoon	B. Coffee mug	C. Measuring spoon (tsp)	D. Soup spoon

Why? _____

4. Serve soup into bowls

A. Slotted spoon	B. Ladle	C. Spatula	D. Measuring cup

5. Clean a greasy stovetop

A. Glass cleaner	B. Degreaser spray and cloth	C. Dry paper towel	D. Bleach and water

Why? _____

6. Hang a small picture on drywall

A. Screwdriver	B. Wrench	C. Hammer and nail	D. Pliers

7. Unclog a toilet

A. Plunger	B. Mop	C. Broom	D. Toilet brush

8. Turn food in a hot frying pan

A. Fork	B. Fingers	C. Tongs	D. Butter knife

Why? _____

9. Peel a carrot

A. Grater	B. Chef's knife	C. Vegetable peeler	D. Scissors

10. Clean up broken glass

A. Bare hands	B. Broom, dustpan, and gloves	C. Vacuum only	D. Wet sponge

Why? _____

11. What could go wrong? Pick one job above. What could happen if you used the wrong tool?

_____

_____

Choose the Right Tool — Answer Key (L3)

Staff copy. Accept other answers if the student explains a safe, sensible reason.

#	Job	Answer	Why
1	Slice a loaf of bread	B. Bread knife (serrated)	Serrated teeth cut without squashing the bread.
2	Mix pancake batter until smooth	A. Whisk	Wires break up lumps fast.
3	Measure 1 teaspoon of salt	C. Measuring spoon (tsp)	A tablespoon is 3x too much; regular spoons vary.
4	Serve soup into bowls	B. Ladle	Deep bowl holds liquid; slotted spoon lets it drain out.
5	Clean a greasy stovetop	B. Degreaser spray and cloth	Grease needs a degreaser; bleach is for disinfecting.
6	Hang a small picture on drywall	C. Hammer and nail	A nail holds light items in drywall.
7	Unclog a toilet	A. Plunger	Suction pushes the clog through.
8	Turn food in a hot frying pan	C. Tongs	Grip food and keep hands away from heat/oil.
9	Peel a carrot	C. Vegetable peeler	Removes a thin layer safely.
10	Clean up broken glass	B. Broom, dustpan, and gloves	Gloves protect hands; sweep big pieces first.

#11: Any reasonable risk, e.g. a cut from picking up glass by hand, a burn from using fingers in a hot pan, too much salt from a tablespoon.
