2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Two-team chart: Allies 🤝 vs. Axis ⚔️ with flags
- Timeline strip: 1939 Poland → 1941 Pearl Harbor → 1944 D-Day → 1945 end

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part
- Cover one choice to make it 2

4. What to grade

- Key Battles sheet (15 pts): notes parts A-B = full credit
- Atomic Bomb (8 pts): notes part C = full credit
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in the class files say "check with the World History teacher".

🚧 Under construction (check with the World History teacher)

- **Edgenuity WWII lessons**: The online Edgenuity lessons are not in the Canvas export.
- **Battles of WWII slides**: The class Battles slides are photos with titles only; facts for Qs 11-15 come from our team. Please check.

💗 Sensitive topic note

War content: no photos of injured people or bodies in our materials. The gen ed Atomic Bomb sheet uses military footage and radiation-sickness video; Level 1-2 skip the 'Aftereffects' video, and staff should preview the others. Students with family in the military, or who are refugees from war, may need a pass or a quiet space. The Holocaust is taught in Unit 8.
