2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- T-chart card: 💵 capitalism vs. ⚒️ communism
- Map of divided Germany and Berlin
- Portraits of Mao and Gandhi on the vocabulary cards

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part
- Cover one choice to make it 2

4. What to grade

- 1950s Terms sheet: notes part A = full credit
- China + Mao sheets: notes part B = full credit
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in the class files say "check with the World History teacher".

🚧 Under construction (check with the World History teacher)

- **Reeducation under Mao PDF article**: The PDF article with the 4 discussion questions (Peng Zhen, party cadres) is not in the export.

💗 Sensitive topic note

Mao's Great Leap Forward and Cultural Revolution caused famine and violence; keep it factual and brief at Level 1-2. The Partition of India (1947) involved violence and forced moves; some students may have South Asian family histories. Present 'communism vs. capitalism' as history, not as which side students should support.
