Supports

- L1: about 2nd-grade reading, emoji and pictures; 2 picture choices; read every line aloud; pointing counts.
- L2: about 3rd-grade reading; word bank in every notes box; 3 choices.
- L3: close to the class work: guided notes and short answers.

Grading and help

- Daily notes: complete = the class daily points (logs/warm-up + exit).
- Modified grading only as the IEP allows; check with the case manager.
- The SLE teacher: changes and IEP questions. Facts we could not confirm say “check with the class teacher”.

👩‍🏫 Staff Guide · World History · Unit 3 Renaissance: new pieces

New pieces for Levels 1, 2 and 3. L1 = about 2nd-grade reading with emoji and pictures. L2 = about 3rd-grade reading. L3 = close to the class work (guided notes and readings, no slide decks). Every lesson opens with the 5-minute review in the class plan.

1. What each piece goes with

Class lesson / piece	Our files	Notes
Medieval vs. Renaissance web notes (incl. the modified half)	L1/L2/L3 guided notes + keys + read-aloud pages	Fills our 🚧 item “Medieval vs. Renaissance art note sheet.” Compares a Cimabue Madonna with the Mona Lisa.
Leonardo-Michelangelo chart + reading + the two class videos	L1/L2/L3 reading + keys + read-aloud pages; L1/L2/L3 chart + keys	Reading written by our team (not the class handout). Chart rows match the class chart.
Renaissance Men Quiz (10 true/false + 1)	L1 (6 T/F), L2 (10 T/F), L3 (10 T/F with fix-it + 1) + keys	Fills our 🚧 item “Renaissance quiz.”
School of Athens Quiz (10)	L1 (5), L2 (8), L3 (10) + keys	No “all of the options” answers; L3 uses 2 short answers instead.
Renaissance Study Guide	L1/L2/L3 study guide + keys + read-aloud pages	Same terms and artists as the class guide, in our words.
Renaissance Gallery Walk (8 stations)	L1 (4 artworks), L2 (6), L3 (all 8) + keys	Descriptions on our sheets are our own short versions. See the picture note below.
Mimic a Masterpiece	L1/L2/L3 project sheet (3-row rubric, 9 points)	Same 4 masterpieces as the class. No key (it is a project).
Review before the quiz	L1/L2/L3 Renaissance Artists game	4-artist match + 10 questions; answers shuffle.

2. Supports built in

- L1: picture choices, read aloud, 2 choices on most items.
- L2: word banks, 3 choices, no 'all of the above.'
- L3: class questions, fewer games, fix-the-false.
- Read-aloud pages for the notes, reading and study guide.

3. What to grade

- Quizzes: 1 point each; scale to class points.
- Gallery walk: complete = full credit.
- Mimic a Masterpiece: rubric out of 9; scale to the class rubric (out of 15).
- These are modifications. Modified grading only as the IEP allows. Check with the case manager.

4. Who to ask

- The SLE teacher: changes and IEP questions.
- Facts we could not confirm say “check with the class teacher”.

Picture note

- Our sheets show no pictures of **David** or **The Birth of Venus** (nude figures). L3 lists them with a 'look at the class station card' box. The Creation of Adam is cropped to the two hands. Ask the World History teacher if those stations need a different plan.

👩‍🏫 Staff Guide · World History · Unit 3 The Renaissance (Level 3)

Level 3 = resource-room students who can work close to the gen ed lesson. No slide decks: students follow the World History teacher's slides with Level 3 guided notes and readings.

1. How the pieces line up

Gen ed lesson	Level 3 piece
Renaissance pre-quiz, Italy Summary / Cradle of the Renaissance	Slides “A Rebirth”, “Why Italy?” + notes part A
Medieval vs. Renaissance art note sheet (2018Renaissanceart.ppt, word bank)	Slides “New Art Techniques”, “The Big Three Artists” + notes part B. The note sheet itself was not in the export (🚧), so notes part B replaces it.
Crash Course World History: The Renaissance video sheet	Video slide (Level 2) + notes part C. Level 2 answers the first 3 questions only.
Ted Ed video + bookwork, School of Athens (Khan Academy), Leonardo & Michelangelo chart, Perfect Courtier	Slides “Big Three Artists”, “Printing Press”. Leo & Mike chart modified: 3 facts each from the slides.
Renaissance Review Hunt (the teacher's own Tuscany photos), Kahoot, quiz	Unit game + quiz below. The Review Hunt photos are the teacher's own and stay in class (not on the site).

2. Supports built in

- 🔊 Read aloud button on the reading and notes pages
- Key-term box at the top of the notes
- Short answers can be dictated or typed

3. What to grade

- Guided notes: same points as the class worksheet when complete
- Quick check: score, then scale to the class quiz points
- Modified grading only as the IEP allows. Check with the case manager.

4. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm say “check with the World History teacher”.

🚧 Under construction (check with the World History teacher)

- **Medieval vs. Renaissance art note sheet**: The word-bank note sheet and the 'Renaissance Men' chart are paper handouts that were not in the export. Our notes part B covers the same slides.
- **Renaissance quiz**: The class quiz and Leo/Mike quiz were Kahoot/paper and are not in the export. Our quizzes are built from the slides and video sheet.

💗 Sensitive topic note

Some Renaissance art shows nude figures (David, the Sistine Chapel, Vitruvian Man). Our materials use the Mona Lisa, School of Athens, the Sistine ceiling (wide view) and the Florence dome. Give students a heads-up before the class slides show David.

Leonardo da Vinci, self-portrait (red chalk)

Michelangelo: Sistine Chapel ceiling

Leonardo and Michelangelo

Leonardo da Vinci was born in 1452 near Florence, Italy. As a teenager he learned to paint in the workshop of the artist Verrocchio. He was curious about everything: plants, water, birds and the human body.

Leonardo painted **The Last Supper** on a wall in Milan and the **Mona Lisa**, a portrait of Lisa del Giocondo. He blended colors softly, with no hard lines. This is called **sfumato**.

Leonardo's notebooks hold more than 7,000 surviving pages. He sketched flying machines (he thought they should copy a bat's wings), an armored tank and weapons, and drew some of the most accurate pictures of human anatomy of his time. He wrote in mirror writing, from right to left.

Leonardo worked for many patrons: the Duke of Milan, the city of Florence and, at the end of his life, King Francis I of France.

Michelangelo Buonarroti was born in 1475. As a teenager he studied in Florence and lived in the household of Lorenzo de' Medici, the city's most powerful patron. He saw himself as a sculptor first. His **Pietà** (Mary holding Jesus) made him famous at about 24, and his marble **David**, about 17 feet tall, became a symbol of Florence.

Pope Julius II hired Michelangelo to paint the **Sistine Chapel** ceiling, a huge **fresco**. The two argued about money and time, but Michelangelo finished in 1512. Later he painted The Last Judgment and designed the dome of St. Peter's Basilica.

Both men studied the human body closely, worked for powerful patrons and were shaped by the Church and by classical ideas. Because they mastered art, science and engineering, both are called **Renaissance men**.

Check your reading

1. Where and how did each artist learn art?

2. Name two patrons of each artist.

3. Explain one way the Church AND one way classical ideas shaped their art.

🎨 The Renaissance: Reading

World History · Unit 3 · Level 3 (closer to the class work) · goes with the Italy Summary, Renaissance Art slides and Crash Course video sheet

Name: _____

The Renaissance: A Rebirth of Ideas

The Renaissance (French for 'rebirth') was a period from about 1350 to 1600 when Europeans renewed their interest in the art and learning of ancient Greece and Rome. It began in the city-states of northern Italy, such as Florence, Venice and Milan.

Italy had several advantages. Its cities were wealthy from Mediterranean trade, and rich families like the Medici of Florence became patrons, paying artists and scholars. Roman ruins were all around. Trade with the Muslim world and scholars fleeing Constantinople after 1453 brought ancient Greek texts back to Europe.

Renaissance thinkers were called humanists. They studied history, poetry, philosophy and the classics, and they believed people could achieve great things in this world, not only in the afterlife. The ideal 'Renaissance man' was skilled in many areas, from art and science to music and sports.

Artists used new techniques. Perspective used lines and a vanishing point to make flat paintings look three-dimensional. Fresco was painting on wet plaster. Sfumato blended colors softly so no outlines show. Leonardo da Vinci painted the Mona Lisa and The Last Supper and filled notebooks with inventions. Michelangelo spent four years painting the Sistine Chapel ceiling. Raphael's School of Athens shows Plato and Aristotle surrounded by philosophers.

Around 1450, Johannes Gutenberg developed a printing press with movable type. Books became faster and cheaper to make, more people learned to read, and Renaissance ideas spread across Europe. In his Crash Course video, John Green argues that the Renaissance mostly mattered to rich people and that many ordinary people did not experience it.

Check your reading

1. Give two reasons the Renaissance began in Italy.

2. What did humanists believe?

3. What was John Green's main argument, and do you agree?

🎨 Renaissance: Guided Notes · ANSWER KEY

World History · Unit 3 · Level 3 (closer to the class work) · Medieval vs. Renaissance art

Name: _____

Fill in the blanks while the class goes over the Medieval vs. Renaissance slides.

Part A. Compare the two styles

Medieval: Cimabue, about 1290

Renaissance: Leonardo, about 1503–1519

1. Fill in the table.

	Medieval art (about 500–1300)	Renaissance art (about 1300–1600)
Main subject	**Religion (Bible stories, saints)**	Religion PLUS people, nature and Greek/Roman myths
How figures look	**Flat, stiff, gold backgrounds, symbols**	**Realistic, 3-D depth, emotion, correct anatomy**
Who paid	The Church	**Patrons: the Medici, popes, rich merchants**
Artist known?	**Often anonymous**	**Known by name; famous**
Purpose	**Teach faith to people who could not read**	**Show beauty, human skill and humanist ideas (and faith)**

Part B. Techniques

2. **Perspective** : lines meet at a vanishing point so a flat painting looks deep.
3. **Sfumato** : soft, smoky blending with no hard outlines (the Mona Lisa).
4. **Fresco** : painting on wet plaster so the color soaks in (Sistine Chapel).
5. **Humanism** : a focus on human potential and on Greek and Roman learning.

Part C. Artists

6. Fill in the table.

Artist	Famous work(s)	Known for

Leonardo da Vinci	**Mona Lisa, The Last Supper**	**Sfumato; notebooks of inventions and anatomy; 'Renaissance man'**
Michelangelo	**David, Pietà, Sistine Chapel ceiling**	**Sculpture; powerful, realistic bodies**
Raphael	**The School of Athens**	**Balance, symmetry, perspective, classical ideas**

7. Look at the two paintings above. Name TWO differences you can see.

Examples: gold flat background vs. a real landscape with depth; stiff figures vs. a real face with emotion and soft shading (sfumato).

World History · Unit 3 · Level 3 (closer to the class work) · our own reading

Name: _____

Words to know: ***patron*** *= a rich supporter who pays an artist ·* ***sculptor*** *= an artist who carves statues*

Leonardo da Vinci, self-portrait (red chalk)

Michelangelo: Sistine Chapel ceiling

Leonardo and Michelangelo

Leonardo da Vinci was born in 1452 near Florence, Italy. As a teenager he learned to paint in the workshop of the artist Verrocchio. He was curious about everything: plants, water, birds and the human body.

Leonardo painted **The Last Supper** on a wall in Milan and the **Mona Lisa**, a portrait of Lisa del Giocondo. He blended colors softly, with no hard lines. This is called **sfumato**.

Leonardo's notebooks hold more than 7,000 surviving pages. He sketched flying machines (he thought they should copy a bat's wings), an armored tank and weapons, and drew some of the most accurate pictures of human anatomy of his time. He wrote in mirror writing, from right to left.

Leonardo worked for many patrons: the Duke of Milan, the city of Florence and, at the end of his life, King Francis I of France.

Michelangelo Buonarroti was born in 1475. As a teenager he studied in Florence and lived in the household of Lorenzo de' Medici, the city's most powerful patron. He saw himself as a sculptor first. His **Pietà** (Mary holding Jesus) made him famous at about 24, and his marble **David**, about 17 feet tall, became a symbol of Florence.

Pope Julius II hired Michelangelo to paint the **Sistine Chapel** ceiling, a huge **fresco**. The two argued about money and time, but Michelangelo finished in 1512. Later he painted The Last Judgment and designed the dome of St. Peter's Basilica.

Both men studied the human body closely, worked for powerful patrons and were shaped by the Church and by classical ideas. Because they mastered art, science and engineering, both are called **Renaissance men**.

Check your reading

1. Where and how did each artist learn art?

Leonardo: in Verrocchio's workshop in Florence. Michelangelo: in Florence, in the Medici household.

2. Name two patrons of each artist.

Leonardo: Duke of Milan, Florence, King Francis I. Michelangelo: the Medici, Pope Julius II (and other popes).

3. Explain one way the Church AND one way classical ideas shaped their art.

Church: religious subjects (Last Supper, Pietà, Sistine Chapel). Classical: realistic anatomy, balance, ideas from Greece and Rome (David).

Name: _____

Big ideas

- Renaissance = “rebirth” of classical (Greek and Roman) learning, about 1300–1600, starting in Italian city-states like Florence.
- Humanism: an intellectual movement stressing human potential and achievement; humanists studied classical texts, not only religion.
- Patrons (the Medici, popes, merchants) paid artists, which made the art boom possible.
