👩🏾‍🏫 Staff Guide · Ag Science 1 · Unit 2 Washington Crops: Potatoes, Wheat & Apples (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in Mr. Torretta's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: “Bedlington Farm PowerPoint, WA Wheat Barley and Potatoes, Potato Lab, Cosmic Crisp Apples, Apple Taste Lab (Ms. Gholam)”)	**Level 1 piece**
Bedlington Farm PowerPoint (Blank Out, 25 pts)	Notes A–B + slides; exact blank answers (number of growers in 1942, acreage in 1997, overseas shipping): check with Mr. Torretta
WA Wheat, Barley and Potatoes (12 pts) · Cosmic Crisp (10 pts)	Video guides
Potato Lab (30 pts)	Potato Lab packet (his lab sheet: check with Mr. Torretta)
Apple Taste Lab (Ms. Gholam, 20 pts)	Apple Taste Lab packet
Class slides	Deck: 19 slides, Words to Know first, “point to the picture” checks, recap
Class notes (Blank Out)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	10 picture cards (cut apart)
—	Review game (match + order) on the class site

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Real potatoes: find the eyes
- Taste or look at 2 apple varieties and sort sweet vs. tart

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the “look for” part
- Cover one choice to make it 2

4. What to grade

- Video guides: L1 picture choices, L2 3 choices + starters; same points
- **Notes**: same points as the class Blank Out notes when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver, Room 113 (SLE): changes and IEP questions.
- Facts we could not confirm in his files say “check with Mr. Torretta”.
