👩‍🏫 Staff Guide · Ag Science 1 · Unit 6 Dairy (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in Mr. Torretta's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: “Dairy Production (Blank Out notes), Dairy Products (Blank Out notes), Darigold video, Cheese presentation (Ms. Gholam), Greek Yogurt, Steps of Ice Cream”)	Level 1 piece
Dairy Production (Blank Out, 10 pts)	Notes A + slides (WA rank, breeds, let-down, colostrum)
Dairy Products (Blank Out, 10 pts)	Notes B–C + slides (milk parts, truck, pasteurize, homogenize, shelf life, ice cream)
Darigold video (12) · Cheese presentation (12) · Greek Yogurt (10)	Video guides
Steps of Ice Cream (10 pts)	Ice Cream packet (Labs & Projects)
Class slides	Deck: 19 slides, Words to Know first, “point to the picture” checks, recap
Class notes (Blank Out)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	10 picture cards (cut apart)
—	Review game (match + order) on the class site

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Show a real milk carton: find “pasteurized,” “vitamin D,” and the sell-by date
- Sort the vocabulary cards: cow words vs. food words

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the “look for” part
- Cover one choice to make it 2

4. What to grade

- Dairy allergies or lactose intolerance: no tasting needed for any dairy item; check with Mr. Torretta before any tasting
- **Notes**: same points as the class Blank Out notes when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver, Room 113 (SLE): changes and IEP questions.
- Facts we could not confirm in his files say “check with Mr. Torretta”.

👩‍🏫 Staff Guide · Ice Cream: Steps and Key Points (Level 1)

Ag Science 1 · Unit 6 · goes with the class “Steps of Ice Cream” (10 pts). Level 1 = about 2nd-grade reading. Same activity, same day, same points as the class.

1. The pieces

- **Steps card**: Mr. Torretta's “Steps and Key Points of Making Ice Cream” sheet (steps + key points). 6 steps, one per box. **check with Mr. Torretta**: whether there is a hands-on ice cream lab (and his recipe), plus dairy-allergy rules for tasting
- **Prep sheet**: jobs, tools checklist, safety. Do it the day before or at the start.
- **Slides**: jobs, safety, steps, 2 checks.
- **Reflection**: replaces the written parts.
- **Game**: on the class site.

2. Prompts while they work

- “What do we do first?”
- “Why do we heat it?”
- “Point to the step where air goes in.”

3. Modifications

- 4 picture steps to cut and glue (not 8)
- Point to the step pictures in order
- No tasting needed; full points for the sequence

4. What to grade (10 pts)

- Same 10 points: 4 picture steps in order
- Pointing, saying, or circling counts as a full answer.
- Modified grading only as the IEP allows. Check with the case manager.

5. Ask

- Mr. Driver, Room 113 (SLE).
