👩‍🏫 Staff Guide · Biology A · Unit 0 Science Starts: Safety & Lab Skills (Level 2)

Level 2 = about 3rd-grade reading. SLE students stay in Ms. Dunham's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Start of Year: syllabus, FHS science safety contract, Biology Chat lab stations, Lollipop lab (observations, hypothesis, variables), A4 Hypotheses + Conclusion practice")	**Level 2 piece**
FHS science safety contract (district form, stays with Ms. Dunham)	Picture safety rules in the slides, notes part A, and the safety games. Students still sign the real district contract.
Lollipop lab	Lollipop lab packet (🔬 Labs & Projects)
Biology Chat lab stations	Bio Chat station packet (🔬 Labs & Projects)
A4 Hypotheses + Conclusion practice	Notes parts B-C + slides
Class slides	Deck: 18 slides, Words to Know first, hold-up-1-2-3 checks, recap
Her worksheets (grouped into lessons)	Guided notes: 18 items + key
Class quiz / notes check	Quiz: 10 questions + key
Vocabulary	10 picture cards (cut apart)
—	2 games on the class site: matching + step-by-step order

2. Supports built in

- Short lines, key words bold, word bank in every notes box
- Quiz: 3 choices, no "all of the above"
- Picture anchors: 🥽 goggles, 🚫 no food, 🚨 Code one, 👀 observe, 🤔 smart guess
- Level 1 says "smart guess" for hypothesis; no variable names

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part

4. What to grade

- Safety quiz can stand in for the safety part of her start-of-year work; the real contract still needs a signature
- **Notes**: same points as her worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver, Room 113 (SLE): changes and IEP questions.
- Facts we could not confirm in her files say "check with Ms. Dunham".

👩‍🏫 Staff Guide · Biology Chat Stations (Level 2)

Biology A · Unit 0 · goes with the class “Biology Chat activity” (5 pts). Level 2 = about 3rd-grade reading. Same activity, same day, same points as the class.

1. The pieces

- **Station card**: Biology Chat lab stations: 9 short stations (animal or not, graph, microscope photos, plant compare, measuring tools, lab safety features, classify, metric hunt, word parts). 6 steps, one per box. **check with Ms. Dunham**: Stations 3 and 8 use her station photos and objects; we skipped them
- **Prep sheet**: jobs, tools checklist, safety. Do it the day before or at the start.
- **Slides**: jobs, safety, steps, 2 checks.
- **Reflection**: replaces the written parts.
- **Game**: on the class site.

2. Prompts while they work

- “Point to the tool that shows hot or cold.”
- “Is it alive? Does it eat? Does it move?”

3. Modifications

- 6 of 9 stations
- Word bank for station 5

4. What to grade (5 pts)

- Same 5 points: 6 stations + reflection
- Pointing, saying, or circling counts as a full answer.
- Modified grading only as the IEP allows. Check with the case manager.

5. Ask

- Mr. Driver, Room 113 (SLE).

👩‍🏫 Staff Guide · Lollipop Lab (Level 2)

Biology A · Unit 0 · goes with the class “Lollipop lab” (5 pts). Level 2 = about 3rd-grade reading. Same activity, same day, same points as the class.

1. The pieces

- **Lab card**: Lollipop lab: 5 observations, a hypothesis, time how long a lollipop takes to dissolve (no chewing). 6 steps, one per box.
- **Prep sheet**: jobs, tools checklist, safety. Do it the day before or at the start.
- **Slides**: jobs, safety, steps, 2 checks.
- **Reflection**: replaces the written parts.
- **Game**: on the class site.

2. Prompts while they work

- “Tell me what you see, not what you think.”
- “How many minutes do you think?”

3. Modifications

- Sentence frame for the hypothesis
- Analysis questions 1, 2, 3 only

4. What to grade (5 pts)

- Same 5 points: observations + hypothesis + data + reflection
- Pointing, saying, or circling counts as a full answer.
- Modified grading only as the IEP allows. Check with the case manager.

5. Ask

- Mr. Driver, Room 113 (SLE).

🧪 Science Starts notes (safety, observations, hypotheses)

Biology A · Unit 0 Science Starts: Safety & Lab Skills · Level 2 guided notes. Use with the class slides.

Name: _____

Fill in each blank with a word from the word bank in that box. Each word is used one time.

A. Lab safety (FHS safety contract)

1. Wear _____ any time there are chemicals, heat, or glass.
2. Never _____ or drink in the lab.
3. Report every accident to the _____, no matter how small.
4. If someone is hurt, yell “Code _____!”
5. Circle 2 things that are safe to wear in the lab:

closed-toe shoes | sandals | hair tied back | long dangling necklace

Word bank: **eat** | **goggles** | **one** | **teacher**

B. Observations and hypotheses (Lollipop lab)

6. An _____ uses your five senses.
7. A _____ is a testable guess.
8. A hypothesis uses If… then… _____…
9. Number the steps of the scientific method (1-4):

_____ write a hypothesis
_____ write a conclusion
_____ ask a question
_____ test and collect data

Word bank: **because** | **hypothesis** | **observation**

C. Variables and conclusions

10. The variable the scientist changes is the _____ variable.

11. The variable the scientist measures is the _____ variable.

12. Match the tool to what it measures:

thermometer	volume (mL)
ruler	mass (g)
graduated cylinder	temperature (°C)
balance	length (cm)

Word bank: **dependent** **independent**

Level 2 version of the gen ed “Safety contract, Lollipop lab, Biology Chat stations, Conclusion practice.”

📖 Science Starts: Safety & Lab Skills: Vocabulary Picture Cards (Level 2)

Name: _____

Cut on the dashed lines. Use the cards to match, sort, or quiz a partner.

Goggles

Safety glasses. Wear them any time there are chemicals, heat, or glass.

Observe

Use your five senses to describe what is really there.

Hypothesis

A testable guess: If… then… because…

Experiment

A test to find out if a hypothesis is right.

Variable

Anything in an experiment that can change.

Data

The numbers and observations we record.

Conclusion

What the data shows, and if the hypothesis was supported.

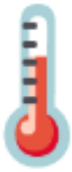

Code one

Yell “Code one!” to get the teacher fast if someone is hurt.

Microscope

A tool that magnifies things too small to see.

Thermometer

Measures temperature in degrees Celsius (°C).

🗣️ Biology Chat Stations

Biology A · Unit 0 · Level 2

Name: _____

Biology Chat lab stations: 9 short stations (animal or not, graph, microscope photos, plant compare, measuring tools, lab safety features, classify, metric hunt, word parts) · check with Ms. Dunham.

🧺 Stations we do

- ☐ 🐾 **1** Animal or not?
- ☐ 🔬 **5** Measuring tools
- ☐ 🧯 **6** Safety features in our lab
- ☐ 🗂️ **7** Sort objects into groups

🌱 Steps: check each box when you finish

1. 🐾 **Station 1**: animal or not an animal? Write why. ☐
2. 📈 **Station 2**: read the graph. Which fish uses more oxygen? ☐
3. 🔬 **Station 5**: name each tool, what it measures, and the unit. ☐
4. 🧯 **Station 6**: list 5 safety features in our lab. ☐
5. 🗂️ **Station 7**: classify the objects into 2+ groups. Tell how. ☐
6. 🔤 **Station 9**: use word parts (bio = life, -ology = study of) to define biology. ☐

🔬 Station 5 tools

Tool	Measures	Unit
Thermometer		
Ruler		
Graduated cylinder		
Balance		

Word bank: temperature · length · volume · mass · °C · cm · mL · g

🍭 Lollipop Lab

Biology A · Unit 0 · Level 2

Name: _____

Lollipop lab: 5 observations, a hypothesis, time how long a lollipop takes to dissolve (no chewing).

🧺 Lab stuff

- ☐ 🍭 **1** lollipop (staff OK for diet/allergy)
- ☐ ⏱️ **1** timer or phone stopwatch
- ☐ 📋 **1** this card + pencil

🌱 Steps: check each box when you finish

1. 🍭 **Unwrap** the lollipop and set it on the wrapper. Don't eat it yet. ☐
2. 👀 Write **5 observations** (senses only: color, size, smell, shape). ☐
3. 🤔 Write a **hypothesis**: If I suck on the lollipop, then it will dissolve in ___ minutes because ___. ☐
4. ⏱️ Start the **timer**. No chewing! ☐
5. 📏 Stop when it is **gone**. Record minutes and seconds. ☐
6. ✅ **Accept** your hypothesis if you were within 30 seconds. Otherwise **reject** it. ☐

📋 Data

My hypothesis (minutes)	Real time (min : sec)	Accept or reject?

🗣️ Biology Chat Stations · Prep Sheet

Biology A · Unit 0 · Level 2

Name: _____

👥 Job roles: circle your job. Initial when it is done.

Job	What you do	Done ✔️
📖 **Reader**	Reads the station card out loud.	
👆 **Pointer**	Points to each thing at the station.	
📝 **Recorder**	Circles or writes the answers.	
⏱️ **Timer**	Says “switch!” when time is up.	

🧰 Tools and supplies: check when you have it

- ☐ 📋 **This card** one box per station
- ☐ ✏️ **Pencil** write or circle
- ☐ 🔬 **Station tools** look, do not take
- ☐ ⏱️ **Timer** about 5 minutes each

⚠️ Safety and manners focus

- 👀 Look with your eyes first. Touch only what the card says.
- 🔬 Carry a microscope with two hands, one under the base.
- 🚶 Walk between stations.

🍭 Lollipop Lab · Prep Sheet

Biology A · Unit 0 · Level 2

Name: _____

👥 Job roles: circle your job. Initial when it is done.

Job	What you do	Done ✔️
👀 **Observer**	Says 5 things you see, smell, or feel.	
⏱️ **Timer**	Starts and stops the timer.	
📝 **Recorder**	Writes the time in minutes and seconds.	
🗣️ **Reporter**	Tells the class: accept or reject?	

🧰 Tools and supplies: check when you have it

- ☐ ⏱️ **Timer** minutes and seconds
- ☐ 📋 **Card** observations + data
- ☐ 🧻 **Napkin** for the stick and wrapper
- ☐ 🗑️ **Trash can** stick and wrapper

⚠️ Safety and manners focus

🍬 Diet and allergy check first. Sugar-free lollipops for anyone who needs them (for example a student with diabetes).

🦷 No chewing and no biting. Do not walk around with the stick in your mouth.

🧼 This is a food lab: clean hands and a clean desk. The stick goes in the trash.

✅ Before you start

☐ Hands washed ☐ Lollipop OK'd by staff ☐ Timer ready

🗣️ Biology Chat Stations · Reflection

Biology A · Unit 0 · Level 2

Name: _____

📸 My photos / proof

☐ Station card done

✅ Skills I used today (check all you did)

☐ 🐾 I explained animal or not

☐ 🔬 I matched tools, measures, units

☐ 🧯 I listed 5 safety features

⭐ Which station was easiest? Why?

1. _____
2. _____

Ideas: **tools** **safety** **sorting**

🧯 Where is the safety equipment closest to your seat?

1. _____
2. _____

Ideas: **eye wash** **fire extinguisher** **exit**

🍭 Lollipop Lab · Reflection

Biology A · Unit 0 · Level 2

Name: _____

📸 My photos / proof

☐ Data table

✅ Skills I used today (check all you did)

☐ 👀 I wrote 5 observations

☐ 🤔 I wrote If… then… because…

☐ ⏱️ I recorded min and sec

⭐ Did other people get the same time? Why or why not?

1. _____
2. _____

Ideas: **size** **flavor** **how fast you lick**

🔀 What could you change to test again?

1. _____
2. _____

Ideas: **lollipop size** **hot drink** **cold drink**

✅ Science Starts: Safety & Lab Skills Quiz

Biology A · Unit 0 · Level 2 (modified). 10 questions · 3 choices each · 1 point each.

Name: _____

Circle the best answer. You may have the questions read aloud.

1. 🥽 When must you wear goggles?

A. Only on Fridays

B. Any time there are chemicals, heat, or glass

C. Never

2. 🍔 Food and drinks in the lab are…

A. Allowed if you share

B. Allowed after lunch

C. Not allowed

3. 🚨 If your partner is hurt, you…

A. Yell “Code one!” to get the teacher

B. Wait until class ends

C. Keep working

4. 👟 Which shoes are safe for lab?

A. Sandals

B. Flip-flops

C. Shoes that cover the whole foot

5. 👀 Which is an observation?

A. It smells sweet

B. It will be delicious

C. It is the best flavor

6. 🤔 A hypothesis is…

A. The final answer

B. A testable guess (If… then… because…)

C. A list of materials

7. ⏱️ In the lollipop lab, the dependent (measured) variable was…

A. The flavor

B. Time to dissolve

C. The wrapper color

8. 📝 If your hypothesis was wrong, the experiment…

A. Still taught you something

B. Was a failure

C. Must be thrown away

9. 🔬 Which tool magnifies tiny things?

A. Thermometer

B. Ruler

C. Microscope

10. 📏 Scientists measure volume in…

A. Milliliters (mL)

B. Degrees (°C)

C. Grams (g)

🧪 Science Starts notes (safety, observations, hypotheses) · ANSWER KEY

Biology A · Unit 0 Science Starts: Safety & Lab Skills · Level 2 guided notes. Use with the class slides.

Name: _____

Fill in each blank with a word from the word bank in that box. Each word is used one time.

A. Lab safety (FHS safety contract)

1. Wear **goggles** any time there are chemicals, heat, or glass.
2. Never **eat** or drink in the lab.
3. Report every accident to the **teacher**, no matter how small.
4. If someone is hurt, yell "Code **one**!"
5. Circle 2 things that are safe to wear in the lab:

closed-toe shoes | sandals | **hair tied back** | long dangling necklace

Word bank: **eat** | **goggles** | **one** | **teacher**

B. Observations and hypotheses (Lollipop lab)

6. An **observation** uses your five senses.
7. A **hypothesis** is a testable guess.
8. A hypothesis uses If… then… **because** …
9. Number the steps of the scientific method (1-4):

2 write a hypothesis
4 write a conclusion
1 ask a question
3 test and collect data

Word bank: **because** | **hypothesis** | **observation**

C. Variables and conclusions

10. The variable the scientist changes is the **independent** variable.

11. The variable the scientist measures is the **dependent** variable.

12. Match the tool to what it measures:

(Key: thermometer → temperature (°C) · ruler → length (cm) · graduated cylinder → volume (mL) · balance → mass (g))

thermometer	volume (mL)
ruler	mass (g)
graduated cylinder	temperature (°C)
balance	length (cm)

Word bank: **dependent** **independent**
