👩🏾‍🏫 Staff Guide · Biology A · Unit 4 Food & Digestion (Level 2)

Level 2 = about 3rd-grade reading. SLE students stay in Ms. Dunham's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Unit 3 Diabetes: A2 Digestion (Bill Nye Digestion / Digestion video), A4 Digestion (food molecules notes + food reading + Food Cards), Digestive system reading (cloze) + diagram, Crash Course biomolecules")	**Level 2 piece**
A2 Digestion (Bill Nye / Digestion video) + Digestive system reading, cloze, diagram	Notes part C + slides (grouped as one lesson)
A4 Digestion: food molecules notes + food reading	Notes parts A-B
A4 Food Cards sort	Food-card sort packet (🔬 Labs & Projects)
Crash Course biomolecules	Macromolecule slides (same content)
Class slides	Deck: 19 slides, Words to Know first, hold-up-1-2-3 checks, recap
Her worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 10 questions + key
Vocabulary	10 picture cards (cut apart)
—	2 games on the class site: matching + step-by-step order

2. Supports built in

- Short lines, key words bold, word bank in every notes box
- Quiz: 3 choices, no "all of the above"
- Picture anchors: 🍞 carbs = energy food, 🧱 building blocks, 🍗 protein = builds the body
- Level 1 has no molecule names beyond carb, fat, protein, sugar

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part

4. What to grade

- Digestion quiz stands in for the digestion part of the Diabetes test
- **Notes**: same points as her worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver, Room 113 (SLE): changes and IEP questions.
- Facts we could not confirm in her files say "check with Ms. Dunham".

🚧 Under construction (check with Ms. Dunham)

- **Her pancreas line**: Her A3.2 sheet says insulin "breaks down sugar." We wrote that insulin lets sugar into cells (that is what her A3.3 Homeostasis notes say). Please confirm.

💗 Sensitive topic note

Food talk can be sensitive (weight, family food, allergies, food access). Keep it about what food does in the body, not good/bad foods or anyone's body.

6. Photo credits (open licenses)

👩‍🏫 Staff Guide · Food Card Sort (Level 2)

Biology A · Unit 4 · goes with the class “A4 Digestion (Food Cards)” (5 pts). Level 2 = about 3rd-grade reading. Same activity, same day, same points as the class.

1. The pieces

- **Sort card**: A4 Digestion food-card sort, redrawn as our own picture cards (her Food Cards PDF is pictures only). 5 steps, one per box.
- **Prep sheet**: jobs, tools checklist, safety. Do it the day before or at the start.
- **Slides**: jobs, safety, steps, 2 checks.
- **Reflection**: replaces the written parts.
- **Game**: on the class site.

2. Prompts while they work

- “Is this an energy food, a fat, or a muscle-builder?”
- “Point to the carb box.”

3. Modifications

- Building blocks from a word bank
- Two-group foods marked with a star

4. What to grade (5 pts)

- Same 5 points: sort + building blocks + reflection
- Pointing, saying, or circling counts as a full answer.
- Modified grading only as the IEP allows. Check with the case manager.

5. Ask

- Mr. Driver, Room 113 (SLE).

🚧 Under construction (check with Ms. Dunham)

- **This packet**: Her Food Cards PDF is pictures only, so we could not read which foods she uses. These 10 foods are our best match to her A4 reading (starch, sugar, cellulose, protein, fat).

🍎 Digestion notes (A2 + A4 Digestion)

Biology A · Unit 4 Food & Digestion · Level 2 guided notes. Use with the class slides.

Name: _____

Fill in each blank with a word from the word bank in that box. Each word is used one time.

A. Food molecules (A4 Part 1)

1. The three main macromolecules are carbohydrates, lipids, and _____.

2. Match the macromolecule to its building block:

Carbohydrates	amino acids
Lipids	glycerol + fatty acids
Proteins	glucose (sugar)

3. Fiber is _____. Our bodies cannot digest it.

Word bank: **cellulose** **proteins**

B. Food reading (A4 Part 2)

4. Starch is hundreds of _____ molecules linked together.

5. There are _____ kinds of amino acids.

6. Which foods are mostly protein? (circle 2)

eggs beans bread butter

Word bank: **20** **glucose**

C. Digestive organs (A2 Digestion + reading)

7. Saliva from the salivary _____ starts breaking down starch.

8. The _____ pushes food to the stomach.

9. Nutrients go into the blood in the small _____.

10. Number the path of food (1-4):

_____ esophagus

_____ small intestine

_____ mouth

_____ stomach

Word bank: **esophagus** **glands** **intestine**

Level 2 version of the gen ed "A2 Digestion, A4 Digestion (Food Molecules Notes + Food Reading), Digestive system reading."

📖 Food & Digestion: Vocabulary Picture Cards (Level 2)

Name: _____

Cut on the dashed lines. Use the cards to match, sort, or quiz a partner.

Digestion

How the body breaks food into small molecules it can use.

Carbohydrate

Sugars and starches. Made of glucose. The body's main energy food.

Glucose

The simple sugar in our blood. Cells use it for energy.

Lipid

Fats and oils. Made of glycerol + fatty acids. Store a lot of energy.

Protein

Made of amino acids. Builds and repairs the body.

Building block

The small molecules that big food molecules are made of.

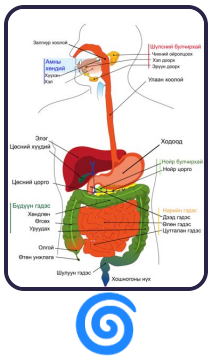

Mouth

Teeth chew food. Saliva (spit) wets it and starts breaking starch.

Stomach

A muscle bag that churns food with acid and enzymes.

Small intestine

Long tube where digestion finishes and nutrients go into the blood.

Fiber

Cellulose from plants. It passes through us without being digested.

🍽️ Food Card Sort

Biology A · Unit 4 · Level 2

Name: _____

A4 Digestion food-card sort, redrawn as our own picture cards (her Food Cards PDF is pictures only).

🧺 Food cards (cut apart)

☐ 🍞 **Bread** carb (starch)	☐ 🍝 **Pasta** carb
☐ 🍬 **Candy** carb (sugar)	☐ 🍎 **Apple** carb (sugar + fiber)
☐ 🧈 **Butter** fat	☐ 🫒 **Olive oil** fat
☐ 🥜 **Peanuts** fat + protein	☐ 🍗 **Chicken** protein
☐ 🥚 **Egg** protein	☐ 🫘 **Beans** protein + carb

🌱 Steps: check each box when you finish

- ☐ **1** ✂️ **Cut** the 10 food cards.
- ☐ **2** 🗂️ **Sort** each food: carbohydrate, lipid (fat), or protein.
- ☐ **3** 🤔 Some foods have two (peanuts, beans). Put them in their **main** group and draw a star.
- ☐ **4** 🧱 **Write** the building block on each box: glucose, glycerol + fatty acids, amino acids.
- ☐ **5** ✅ **Check** with the key.

🗂️ Sort mat

🍞 **Carbohydrate** **building block: _____**	🧈 **Lipid** **building block: _____**	🍗 **Protein** **building block: _____**

🚧 **Under construction:** Her Food Cards PDF is pictures only, so we could not read which foods she uses. These 10 foods are our best match to her A4 reading (starch, sugar, cellulose, protein, fat). *Check with Ms. Dunham.*

🍽️ Food Card Sort · Prep Sheet

Biology A · Unit 4 · Level 2

Name: _____

👥 Job roles: circle your job. Initial when it is done.

Job	What you do	Done ✔️
✂️ **Cutter**	Cuts the cards apart.	
🗂️ **Sorter**	Puts each card in a box.	
✅ **Checker**	Checks the answer key with staff.	
🧽 **Cleaner**	Picks up scraps.	

🧰 Tools and supplies: check when you have it

- ☐ ✂️ **Scissors** cut the cards
- ☐ 🗂️ **Sort mat** 3 boxes: carb, fat, protein
- ☐ 🧴 **Glue stick** if gluing
- ☐ 📋 **This card** answers

⚠️ Safety and manners focus

✂️ Scissors: walk with points down.

🥜 This sort uses pictures only. No real food is eaten.

🍽️ Food Card Sort · Reflection

Biology A · Unit 4 · Level 2

Name: _____

📸 My photos / proof

☐ Finished sort mat

✅ Skills I used today (check all you did)

☐ 🗂️ I sorted all 10 foods

☐ 🧱 I wrote the building blocks

☐ 🤝 I did my role

⭐ Which food was hard to sort? Why?

1. _____
2. _____

Ideas: **peanuts** **beans** **two groups**

🍞 Why do we need carbohydrates?

1. _____
2. _____

Ideas: **energy** **glucose**

✅ Food & Digestion Quiz

Biology A · Unit 4 · Level 2 (modified). 10 questions · 3 choices each · 1 point each.

Name: _____

Circle the best answer. You may have the questions read aloud.

1. 🍽️ The three main macromolecules are…

A. Water, salt, air

B. Carbohydrates, lipids, proteins

C. Vitamins, minerals, sugar

2. 🍗 Proteins are made of…

A. Glucose

B. Fatty acids

C. Amino acids

3. 🧈 Lipids are made of…

A. Fatty acids and glycerol

B. Amino acids

C. Starch

4. 🍞 Carbohydrates are made of…

A. Amino acids

B. Glycerol

C. Glucose

5. ⚡ Our main source of energy is…

A. Glucose

B. Fiber

C. Water

6. 🍽️ The process your body uses to break down food is…

A. Photosynthesis

B. Digestion

C. Homeostasis

7. ⬇️ The tube that carries food to the stomach is the…

A. Small intestine

B. Esophagus

C. Liver

8. 🌀 Nutrients are absorbed into the blood in the…

A. Small intestine

B. Stomach

C. Mouth

9. 🚽 The large intestine mostly absorbs…

A. Protein

B. Air

C. Water

10. 🥬 Cellulose (fiber)…

A. Is not digested by us

B. Is our main energy

C. Is a protein

🍎 Digestion notes (A2 + A4 Digestion) · ANSWER KEY

Biology A · Unit 4 Food & Digestion · Level 2 guided notes. Use with the class slides.

Name: _____

Fill in each blank with a word from the word bank in that box. Each word is used one time.

A. Food molecules (A4 Part 1)

1. The three main macromolecules are carbohydrates, lipids, and **proteins**.

2. Match the macromolecule to its building block:

(Key: Carbohydrates → glucose (sugar) · Lipids → glycerol + fatty acids · Proteins → amino acids)

Carbohydrates	amino acids
Lipids	glycerol + fatty acids
Proteins	glucose (sugar)

3. Fiber is **cellulose**. Our bodies cannot digest it.

Word bank: **cellulose** **proteins**

B. Food reading (A4 Part 2)

4. Starch is hundreds of **glucose** molecules linked together.

5. There are **20** kinds of amino acids.

6. Which foods are mostly protein? (circle 2)

eggs **beans** bread butter

Word bank: **20** **glucose**

C. Digestive organs (A2 Digestion + reading)

7. Saliva from the salivary **glands** starts breaking down starch.

8. The **esophagus** pushes food to the stomach.

9. Nutrients go into the blood in the small **intestine**.

10. Number the path of food (1-4):

2 esophagus

4 small intestine

1 mouth

3 stomach

Word bank: **esophagus** **glands** **intestine**

Level 2 version of the gen ed "A2 Digestion, A4 Digestion (Food Molecules Notes + Food Reading), Digestive system reading."

🔑 *Key written by our team from Ms. Dunham's materials, please check.*

✅ Food & Digestion Quiz · ANSWER KEY

Biology A · Unit 4 · Level 2 (modified). 10 questions · 3 choices each · 1 point each.

Name: _____

Circle the best answer. You may have the questions read aloud.

1. 🍽️ The three main macromolecules are… A3.10 review

- A. Water, salt, air
- **B. Carbohydrates, lipids, proteins**
- C. Vitamins, minerals, sugar

2. 🍗 Proteins are made of… A3.10 review

- A. Glucose
- B. Fatty acids
- **C. Amino acids**

3. 🧈 Lipids are made of… A3.10 review

- **A. Fatty acids and glycerol**
- B. Amino acids
- C. Starch

4. 🍞 Carbohydrates are made of… A3.10 review

- A. Amino acids
- B. Glycerol
- **C. Glucose**

5. ⚡ Our main source of energy is… A3.10 review

- **A. Glucose**
- B. Fiber
- C. Water

6. 🍽️ The process your body uses to break down food is… Pretest #3

- A. Photosynthesis
- **B. Digestion**
- C. Homeostasis

7. ⬇️ The tube that carries food to the stomach is the… A3.2 Digestion

- A. Small intestine
- **B. Esophagus**
- C. Liver

8. 🌀 Nutrients are absorbed into the blood in the… A3.2 Digestion

- **A. Small intestine**
- B. Stomach
- C. Mouth

9. 🚽 The large intestine mostly absorbs… A3.2 Digestion

- A. Protein
- B. Air
- **C. Water**

10. 🥬 Cellulose (fiber)… A4 Digestion

- **A. Is not digested by us**
- B. Is our main energy
- C. Is a protein

Answers

1-B · 2-C · 3-A · 4-C · 5-A · 6-B · 7-B · 8-A · 9-C · 10-A

Reworded from the gen ed "A3.10 Diabetes Review (digestion part), Diabetes pretest, A3.2 and A4 Digestion". Score: __ / 10.

🔑 *Key written by our team from her A3.10 review and A3.2/A4 sheets, please check. The Diabetes test (28 pts) is on paper and not in the export; this is a "From review" unit quiz.*
