👩🏾‍🏫 Staff Guide · Biology A · Unit 8 Final Review (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in Ms. Dunham's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: “End of semester: Final review (10 pts) + Final Exam (80 pts, paper)”)	Level 1 piece
Final review (10 pts)	This unit: slides, notes, practice quiz, cards, 2 games
Final Exam (80 pts, paper)	🚧 Not in the export. Use the practice final to study; modify her exam when she shares it.
Class slides	Deck: 18 slides, Words to Know first, “point to the picture” checks, recap
Her worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 10 questions + key
Vocabulary	10 picture cards (cut apart)
—	2 games on the class site: matching + step-by-step order

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- One recap slide per unit with the same picture anchors as the unit decks
- Students can bring their vocabulary cards from every unit

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the “look for” part
- Cover one choice to make it 2

4. What to grade

- Practice final is for study; her Final Exam still needs a modified version
- **Notes**: same points as her worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver, Room 113 (SLE): changes and IEP questions.
- Facts we could not confirm in her files say “check with Ms. Dunham”.

🚧 Under construction (check with Ms. Dunham)

- **Final Exam (80 pts, paper)**: Not in the export. We built a practice final from our unit quizzes. We need her exam to make the modified L1/L2 versions.
