👩‍🏫 Staff Guide · Chemistry · Unit 1B Electric Forces (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in Mr. Brittle's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: “Unit 1 Lightning: L1.7 Coulomb's Law (+ scientific notation, sig-fig extension), L1.8 Neutral Interactions, L1.9 Static Interaction Review”)	**Level 1 piece**
L1.7 Coulomb's Law (PhET sim + calculations with k, scientific notation, sig-fig extension)	Slides “Closer is stronger”, “More charge is stronger” + notes part B. Level 1-2: picture comparisons, no formula. Level 3: proportional reasoning
L1.7 Scientific Notation Explanation	Level 2 slide “Big numbers” + notes part C; Level 3 math practice
L1.8 Neutral Interactions (PhET balloon sim, paper scraps)	Slides “Balloon and paper” / “Neutral objects” + notes part C
L1.9 Static Interaction Review	Unit quiz below
Class slides	Deck: 17 slides, Words to Know first, “point to the picture” checks, recap
His worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	8 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Picture anchors: 🧲 pull, ↔️ push, 🤏 close = 💪 strong, 🔋 more charge = 💪 strong
- No calculations at Level 1 or 2; the sig-fig extension is skipped

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the “look for” part
- Cover one choice to make it 2

4. What to grade

- L1.7 calculations: Level 1-2 students answer the picture comparisons instead (same points when complete)
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in her files say “check with Mr. Brittle”.
