👩‍🏫 Staff Guide · Culinary 1 · Grains & Pasta (Level 3)

Level 3 = resource-room students who can work close to the gen ed lesson. Same topics and order as Mrs. Dyches's class; more reading and writing than Level 2.

1. How the pieces line up

Class lesson	Level 3 piece
Grains, Pasta & Rice PowerPoint	Reading + notes A-C
Pasta reading / grain identification	Notes section B
Quiz on Grains	Quick check + unit game

2. Supports built in

- Reading and notes each have a web copy with a 🔊 Read aloud button (highlights as it reads)
- Key-word box at the top of the notes; word problems have a worked example first
- Less filled in than Level 2: short answers, tables, a drawing
- No slide decks: students follow Mrs. Dyches's slides with the Level 3 notes

3. Files

- Reading (+ 🔊 web copy)
- Guided notes + key (+ 🔊 web copy)
- Quick check + key
- Unit game: 10 questions

4. What to grade

- Guided notes stand in for the matching class notes or worksheet (same points when complete)
- Quick check: score it, then scale to the class quiz points
- Reading check questions: completion points
- Modified grading only as the IEP allows. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Class content: Mrs. Dyches.

Grains & Pasta: Guided Notes

Culinary 1 · Unit 8 · Level 3 (closer to the class work) · goes with Grains & Pasta (Grains, Pasta & Rice PowerPoint and pasta reading)

Name: _____

Use the class slides and your reading. Key words:

grain · *carbohydrate* · *milling* · *bran* · *germ* · *endosperm* · *whole grain* · *refined* · *enriched* · *durum wheat* · *al dente*

A. Grain words

1. A grain is the seed of a _____ plant.
2. Grinding grain into flour is _____.
3. _____ means nutrients are added back.

B. Parts of a grain

4. Fill in the table.

Part	What it is
Bran	
Germ	
Endosperm	

5. Fill in the table.

Food	Whole or refined?
Brown rice	
White bread	
Oatmeal	

C. Pasta and rice

6. Pasta is made from _____ wheat.
7. Firm to the tooth is _____.
8. Rice uses about _____ parts water to 1 part rice.
9. List the 4 steps to cook pasta.

_____

_____

Grains & Pasta: Reading

Culinary 1 · Unit 8 · Level 3 (closer to the class work) · goes with Grains & Pasta (Grains, Pasta & Rice PowerPoint and pasta reading)

Name: _____

Grains, Pasta and Rice

A grain is the seed of a grass plant, like wheat, rice, oats, corn and barley. Grains are carbohydrates, which give your body energy. Milling is grinding grain into flour.

A grain kernel has three parts. The bran is the outside skin with lots of fiber. The germ is the small inside part with lots of nutrients. The endosperm is the biggest part and is what white flour is made from.

A whole grain has all three parts, like brown rice, oatmeal and whole wheat bread. A refined grain has the bran and germ removed, like white rice and white bread. Enriched means some nutrients are added back after milling.

Pasta is made from durum wheat. To cook it: boil a big pot of water, add the pasta and stir, cook until al dente (firm to the tooth), then save some pasta water and drain. Dry pasta doubles in size when it cooks. Starchy pasta water, sometimes called liquid gold, helps sauce stick.

Rice is usually cooked with about 2 parts water to 1 part rice. Bring it to a boil, cover, turn the heat to low and do not stir while it simmers.

Check your reading

1. What are the three parts of a grain kernel?

_____

_____

2. How is a whole grain different from a refined grain?

_____

_____

3. What does al dente mean?

_____

_____

Grains & Pasta: Quick Check

Culinary 1 · Unit 8 · Level 3 (closer to the class work) · goes with Grains & Pasta (Grains, Pasta & Rice PowerPoint and pasta reading)

Name: _____

Multiple choice and short answer. You may have it read aloud.

1. The biggest part of the kernel is the…

A. Endosperm | B. Bran | C. Germ

2. Which is a whole grain?

A. White rice | B. White bread | C. Oatmeal

3. Pasta is made from…

A. Rice flour | B. Corn | C. Durum wheat

4. Dry pasta ___ when cooked.

A. Shrinks | B. Doubles | C. Stays the same

5. Grains give your body energy because they are…

A. Carbohydrates | B. Fats | C. Vitamins

6. Why is a whole grain healthier than a refined grain?

_____

_____

🍝 Grains & Pasta: Guided Notes · ANSWER KEY

Culinary 1 · Unit 8 · Level 3 (closer to the class work) · goes with Grains & Pasta (Grains, Pasta & Rice PowerPoint and pasta reading)

Name: _____

Use the class slides and your reading. Key words:

grain · *carbohydrate* · *milling* · *bran* · *germ* · *endosperm* · *whole grain* · *refined* · *enriched* · *durum wheat* · *al dente*

A. Grain words

1. A grain is the seed of a **grass** plant.
2. Grinding grain into flour is **milling**.
3. **Enriched** means nutrients are added back.

B. Parts of a grain

4. Fill in the table.

Part	What it is
Bran	**outside skin, lots of fiber**
Germ	**small inside part, lots of nutrients**
Endosperm	**biggest part, makes white flour**

5. Fill in the table.

Food	Whole or refined?
Brown rice	**whole**
White bread	**refined**
Oatmeal	**whole**

C. Pasta and rice

6. Pasta is made from **durum** wheat.
7. Firm to the tooth is **al dente**.
8. Rice uses about **2** parts water to 1 part rice.
9. List the 4 steps to cook pasta.

Boil big pot of water; add pasta and stir; cook until al dente; save some pasta water, then drain.
