Setting the Table and Good Manners

Flatware means the utensils: forks, knives and spoons. Dinnerware means plates, bowls and cups. A cover is the place setting for one person. Etiquette means good manners.

To set a basic cover, put the plate about 1 inch from the table edge. The fork goes on the left of the plate. The knife goes on the right with the blade facing the plate, and the spoon goes to the right of the knife. The glass goes above the tip of the knife, and the bread plate goes at the top left. The napkin can go to the left of the fork or on the plate.

When there is more than one fork or spoon, use the flatware from the outside in. The utensil farthest from the plate is used first, for the first course.

At the table, put your napkin on your lap. If you leave for a minute, put the napkin on your chair. Pass food to the right. Chew with your mouth closed, and don't talk with food in your mouth.

Wait until everyone is served before you start eating. When you are done, place your fork and knife together on the plate so the server knows you are finished. Thank the cook!
