👩‍🏫 Staff Guide · Culinary 1 · Reading a Recipe (Level 3)

Level 3 = resource-room students who can work close to the gen ed lesson. Same topics and order as Mrs. Dyches's class; more reading and writing than Level 2.

1. How the pieces line up

Class lesson	Level 3 piece
Recipes Used in Class (picture recipe book)	Reading + notes A and B
Any lab recipe	Notes section C (double/half practice)
Lab days	Quick check + unit game

2. Supports built in

- Reading and notes each have a web copy with a 🔊 Read aloud button (highlights as it reads)
- Key-word box at the top of the notes; word problems have a worked example first
- Less filled in than Level 2: short answers, tables, a drawing
- No slide decks: students follow Mrs. Dyches's slides with the Level 3 notes

3. Files

- Reading (+ 🔊 web copy)
- Guided notes + key (+ 🔊 web copy)
- Quick check + key
- Unit game: 10 questions

4. What to grade

- Guided notes stand in for the matching class notes or worksheet (same points when complete)
- Quick check: score it, then scale to the class quiz points
- Reading check questions: completion points
- Modified grading only as the IEP allows. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Class content: Mrs. Dyches.

📖 Reading a Recipe: Guided Notes

Culinary 1 · Unit 11 · Level 3 (closer to the class work) · goes with Recipes Used in Class (her lab recipes, collected)

Name: _____

Use the class slides and your reading. Key words:

yield | *ingredients* | *equipment* | *directions* | *preheat* | *combine* | *fold* | *simmer* | *sauté* | *garnish* | *double* | *half*

A. Parts of a recipe

1. How many servings a recipe makes is the _____.
2. Read the whole recipe _____ you start.
3. List 4 parts of a recipe.

_____

_____

B. Short forms and cooking words

4. Fill in the table.

Short form or word	Meaning
tsp	
Tbsp	
lb	
preheat	
simmer	
garnish	

C. Change the amount

5. **Double or half a recipe**

> Example: 2 eggs doubled = 2 × 2 = 4 eggs.
> Example: 1 cup flour halved = 1 ÷ 2 = ½ cup.

a) Double ½ cup butter _____

b) Double 3 Tbsp oil _____

c) Half of 2 cups flour _____

d) Half of 1 tsp salt _____

📖 Reading a Recipe: Quick Check

Culinary 1 · Unit 11 · Level 3 (closer to the class work) · goes with Recipes Used in Class (her lab recipes, collected)

Name: _____

Multiple choice and short answer. You may have it read aloud.

1. The yield tells you…

A. How many servings it makes | B. The oven temperature | C. Who wrote it

2. “Tbsp” is a…

A. Teaspoon | B. Pound | C. Tablespoon

3. Cook just below a boil is…

A. Sauté | B. Fold | C. Simmer

4. To double a recipe you…

A. Add 2 to every amount | B. Multiply every amount by 2 | C. Only double the flour

5. Heat the oven before baking is…

A. Preheat | B. Garnish | C. Combine

6. Why should you read the whole recipe before you start?

_____

_____

How to Read a Recipe

Every lab in Culinary 1 starts with a recipe. A recipe has a title, the yield (how many servings it makes), a list of ingredients with amounts, the equipment you need, and the directions in order. Some also list the oven temperature and the cooking time.

Read the whole recipe before you start. Then do mise en place: set out every tool and ingredient. This is how you catch problems early, like needing butter softened or the oven preheated.

Recipes use short forms. tsp means teaspoon, Tbsp means tablespoon, c means cup, oz means ounce, lb means pound and °F means degrees Fahrenheit. A small t is a teaspoon and a big T is a tablespoon, so read carefully.

Cooking words tell you what to do: preheat (heat the oven first), combine (mix together), fold (gently mix in), simmer (cook just below a boil), sauté (cook quickly in a little fat) and garnish (decorate the plate).

To make more or less, change every amount the same way. To double a recipe, multiply each amount by 2. To make half, divide each amount by 2. Our class recipe book has our lab recipes, like chocolate chip cookies, scones, soft pretzels, vegetable stir-fry, pico de gallo, cream of anything soup and German pancakes.

Check your reading

1. What are the parts of a recipe?

2. What does yield mean?

3. A recipe needs ¾ cup sugar. How much for a double batch?
