👩‍🏫 Staff Guide · Culinary 1 · Protein & Main Dishes (Level 3)

Level 3 = resource-room students who can work close to the gen ed lesson. Same topics and order as Mrs. Dyches's class; more reading and writing than Level 2.

1. How the pieces line up

Class lesson	Level 3 piece
Taco, Chili & Cornbread, Chicken Caesar Wrap labs	Reading + notes A and B
Lasagna (2-day) + breadsticks, Fruit Pizza	Notes section B
Fridge Cleanout + Finals Cleaning Day	Notes section C + quick check + unit game

2. Supports built in

- Reading and notes each have a web copy with a 🔊 Read aloud button (highlights as it reads)
- Key-word box at the top of the notes; word problems have a worked example first
- Less filled in than Level 2: short answers, tables, a drawing
- No slide decks: students follow Mrs. Dyches's slides with the Level 3 notes

3. Files

- Reading (+ 🔊 web copy)
- Guided notes + key (+ 🔊 web copy)
- Quick check + key
- Unit game: 10 questions

4. What to grade

- Guided notes stand in for the matching class notes or worksheet (same points when complete)
- Quick check: score it, then scale to the class quiz points
- Reading check questions: completion points
- Modified grading only as the IEP allows. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Class content: Mrs. Dyches.

Name: _____

Use the class slides and your reading. Key words:

protein | *ground beef* | *155°F* | *165°F* | *cross-contamination* | *drain* | *two-day lab* | *FIFO* | *sanitize*

A. Safe temperatures

1. Fill in the table.

Food	Safe temperature
Ground beef (tacos, chili)	
Chicken (Caesar wraps)	
Reheated lasagna	

2. After browning ground beef, _____ the extra fat.

B. Lab skills

3. Use a separate cutting _____ for raw chicken.

4. Cornbread is a _____ bread.

5. What happens on Day 1 and Day 2 of the lasagna lab?

_____

_____

C. Clean-out

6. FIFO means First In, First _____.

7. Name two things you throw out during the fridge cleanout.

_____

🌮 Protein & Main Dishes: Reading

Culinary 1 · Unit 12 · Level 3 (closer to the class work) · goes with Protein labs and end-of-semester labs (Taco through Finals Cleaning Day)

Name: _____

Protein Labs and Cleaning Up

The last labs of the semester are main dishes with protein: tacos, chili with cornbread, chicken Caesar wraps and a two-day lasagna with breadsticks, plus a fruit pizza, a fridge cleanout and a finals cleaning day.

Meat must be cooked to a safe inside temperature. Ground beef for tacos, chili and lasagna is cooked to 155°F and is brown all the way through; drain the extra fat. Chicken for the Caesar wraps is cooked to 165°F. Use a food thermometer in the thickest part.

Raw meat carries germs, so prevent cross-contamination. Use a separate cutting board for raw chicken, wash your hands after touching it, and never put cooked food back on the plate that held raw meat.

Some recipes take two days. On Day 1 of the lasagna lab you make the sauce and layer the noodles, ricotta and mozzarella, then cover it and refrigerate it. On Day 2 you bake it until hot (165°F in the center) and make breadsticks. Cornbread is a quick bread made with the muffin method.

At the end of the semester the kitchen gets cleaned. In the fridge cleanout, check dates and throw out anything old, moldy or open too long, then cook something from what is left. Use FIFO, First In, First Out: older food goes in front so it is used first. On cleaning day, clean, then sanitize every surface.

Check your reading

1. What temperatures do ground beef and chicken need to reach?

2. How do you prevent cross-contamination with raw chicken?

3. What does FIFO mean?

🌮 Protein & Main Dishes: Quick Check

Name: _____

Multiple choice and short answer. You may have it read aloud.

1. Ground beef is safe at…

A. 155°F | B. 100°F | C. 120°F

2. Chicken is safe at…

A. 135°F | B. 145°F | C. 165°F

3. Cornbread is a…

A. Yeast bread | B. Roux | C. Quick bread

4. FIFO means…

A. Fry It For One | B. First In, First Out | C. Food In Fridge Only

5. Raw chicken needs…

A. Its own cutting board | B. To sit on the counter | C. No hand washing

6. Why do we check dates in the fridge cleanout?

_____

🌮 Protein & Main Dishes: Guided Notes · ANSWER KEY

Culinary 1 · Unit 12 · Level 3 (closer to the class work) · goes with Protein labs and end-of-semester labs (Taco through Finals Cleaning Day)

Name: _____

Use the class slides and your reading. Key words:

protein | *ground beef* | *155°F* | *165°F* | *cross-contamination* | *drain* | *two-day lab* | *FIFO* | *sanitize*

A. Safe temperatures

1. Fill in the table.

Food	Safe temperature
Ground beef (tacos, chili)	**155°F**
Chicken (Caesar wraps)	**165°F**
Reheated lasagna	**165°F**

2. After browning ground beef, **drain** the extra fat.

B. Lab skills

3. Use a separate cutting **board** for raw chicken.

4. Cornbread is a **quick** bread.

5. What happens on Day 1 and Day 2 of the lasagna lab?
Day 1: make sauce, layer, cover, refrigerate. Day 2: bake to 165°F and make breadsticks.

C. Clean-out

6. FIFO means First In, First **Out**.

7. Name two things you throw out during the fridge cleanout.
Any two: old/expired food, moldy food, food open too long.

Use FIFO, First In, First Out: older food goes in front so it is used first. On cleaning day, clean, then sanitize every surface.

Check your reading

1. What temperatures do ground beef and chicken need to reach?
Ground beef 155°F; chicken 165°F.

2. How do you prevent cross-contamination with raw chicken?
Separate cutting board, wash hands, don't reuse the raw-meat plate.

3. What does FIFO mean?
First In, First Out: use older food first.
