👩‍🏫 Staff Guide · Health · Unit 1 Wellness (Level 2)

Level 2 = about 3rd-grade reading. SLE students stay in Mr. Finstuen's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

2. Supports built in

- Short lines, key words bold, word bank in every notes box
- Quiz: 3 choices, no "all of the above"
- Picture anchors: 🏃 physical, 💗 emotional, 🤝 social, 🧠 intellectual, 💼 occupational, 🌳 environmental, 🕊️ spiritual, 💵 financial
- Personal reflections are optional and can be said, pointed to or drawn

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part

4. What to grade

- Notes stand in for the Wellness vocabulary and Analyze Personal Dimensions of Wellness assignment (same points when complete)
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in his files say "check with Mr. Finstuen".

🚧 Under construction (check with Mr. Finstuen)

- **Sleep is Your Superpower worksheet**: Turned in through an outside tool, so the questions are not in the export. Our notes use the topics on his calendar.
- **Learner Profile + wellness group assessment**: Both are outside-tool documents not in the export.
- **Wellness self-assessment**: His SMART Goal uses the Princeton UMatter wellness self-assessment (link only). Our version skips the score.
