2. Supports built in

- Short lines, key words bold, word bank in every notes box
- Quiz: 3 choices, no "all of the above"
- Check the family opt-out list first (Healthy Youth Act)
- Answer questions simply and factually; refer bigger questions to Mr. Finstuen

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part

4. What to grade

- Quick check stands in for the Relationship Spectrum quiz (same points)
- Opted-out students: alternate assignment from Mr. Finstuen
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in his files say "check with Mr. Finstuen".

🚧 Under construction (check with Mr. Finstuen)

- **FLASH (King County) reproductive anatomy worksheets**: Copyrighted, so not reused. We use labeled public-domain/CC diagrams instead.
- **Pregnancy video notes**: Video and questions are not in the export.
- **Alternate (opt-out) assignment**: Mr. Finstuen's opt-out alternate is not in the export; ask him for it.

💗 Sensitive topic note

FAMILY OPT-OUT: Under Washington's Healthy Youth Act, families may opt their student out of sexual health lessons. Check Mr. Finstuen's opt-out list before this unit, and give opted-out students the alternate assignment from Mr. Finstuen. Keep lessons factual and medically accurate, using correct body-part names. Diagrams are internal, labeled and non-graphic. Students never share personal experiences; scenarios use made-up people. Answer questions simply and truthfully, or say "Great question, let's ask Mr. Finstuen." If a student discloses abuse, you are a mandated reporter: tell Mr. Driver and the school counselor the same day. Help lines: 988; National Domestic Violence Hotline / love is respect: text LOVEIS to 22522.
