👩‍🏫 Staff Guide · Health · Unit 7 Hope, Purpose & Wonder (Level 3)

Level 3 = students who can work close to the gen ed lesson. No slide decks: students follow Mr. Finstuen's lesson with Level 3 readings and guided notes (both have a 🔊 read-aloud copy online).

1. How the pieces line up

Gen ed lesson	Level 3 piece
What Is Hope; Hope Guided Notes	Reading paragraphs 1-2; notes part A
Purpose at 40	Reading paragraph 3; notes part B (made-up student Riley; own goals optional)
Legacy Treasure Map	Reading paragraph 4; notes part C (draw)
Core Ideas Takeaways	Reading paragraph 5; notes part C; quick check

2. Supports built in

- Reading + notes have a 🔊 read-aloud copy online
- Goals never have to be shared aloud
- Map can be dictated to staff

3. What to grade

- Notes stand in for the Hope Guided Notes
- Treasure map: all 6 labels = full credit
- Modified grading only as the IEP allows. Check with the case manager.

4. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm say “check with Mr. Finstuen”.

🚧 Under construction (check with Mr. Finstuen)

- **HOPE document**: Linked but not in the export; ask Mr. Finstuen for it.
- **Hope Guided Notes**: Not in the export; our notes follow his slide titles.
- **Email-a-future-self template**: His email template is not in the export, and students won't send email from this site; ask him for a paper version.

💗 Sensitive topic note

Some students may feel hopeless at times. Goals can be small and about anything (a pet, a job, a skill). No student has to share their goals aloud. If a student says they feel hopeless or talks about not wanting to live, stay with them, tell Mr. Driver and the school counselor right away, and share 988 (call or text).

Hope, Purpose and Wonder

Psychologists who study hope describe it as a way of thinking with three parts: goals (what you want), pathways (the routes you can take to get there) and willpower, sometimes called agency (the energy and belief that you can keep going). Hope is not the same as wishing. Research shows that hope can be learned and grown, and people with more hope tend to cope better with stress and do better in school and work.

Strong goals are specific, measurable and have a time frame. “Do better in school” is vague; “turn in every Health assignment this month” is specific. Pathways thinking means planning for obstacles before they happen and having a Plan B. Asking for help is also a pathway. Willpower grows through positive self-talk, celebrating small wins and remembering past times you succeeded.

Purpose is a sense that what you do matters to you and helps others. Imagining yourself at age 40, with your work, relationships, community and the kind of person you want to be, can help you choose goals today that lead there. A legacy is how you want to be remembered and what you give to others.

The Legacy Treasure Map is a way to plan: the treasure is a big goal, rocks and rivers are obstacles, trails are pathways around them, and helpers are the people and resources that support you. Wonder, feeling amazed by nature, music, art or science, lowers stress and can renew hope.

This course covered many dimensions of health: wellness and decision-making, nutrition, substance use, social-emotional skills, sexual health, and safety and first aid. Each unit gave tools for making choices that match your values. If hope ever feels out of reach, help is available from trusted adults, the school counselor and 988 (call or text).

A. The science of hope

1. Fill in the table.

Part of hope	What it means	How to build it
Goals	**what you want**	**make them specific and timed**
Pathways	**routes to the goal**	**plan for obstacles, Plan B, ask for help**
Willpower	**energy to keep going**	**self-talk, celebrate small wins**

2. Rewrite these as specific goals: (a) “Be healthier.” (b) “Save money.”

Examples: (a) Drink water instead of soda 5 days a week this month. (b) Save $10 a week until June.

B. Purpose and legacy

3. Picture a made-up student, Riley, at 40. Riley wants to work with animals. List one goal Riley could set this year and one obstacle with a pathway around it.

Example: volunteer at a shelter; obstacle: no ride — pathway: bus or ask family.

4. How you want to be remembered and what you give to others is your **legacy** .

C. Treasure map and takeaways

5. Draw a Legacy Treasure Map for any goal (yours or Riley's). Label the treasure, 2 obstacles, 2 pathways and 1 helper.

Treasure, 2 obstacles, 2 pathways, 1 helper labeled.

6. Write one takeaway from three different Health units.

Any three, e.g., half plate plants; brain develops to 25; consent clear/free/ongoing; Check-Call-Care.
