👩🏾‍🏫 Staff Guide · Horticulture 1 · Unit 1 Jobs in Horticulture (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in the class teacher's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Unit 1 Exploring the Horticulture Field: Unit 1 questions (pomology, floriculture, olericulture, landscape/nursery), Jobs in Horticulture presentation, resume + references, Smith Gardens job research, mock job application/interview")	**Level 1 piece**
Unit 1 Questions (8)	Slides "Branches", "Outdoor/Indoor Jobs" + notes A, B + quiz
Jobs in Horticulture company presentation	Slides "Smith Gardens" + shared Ag careers deck
Resume + references	Slides "Resume and References" + notes C
Smith Gardens job research, mock application/interview	Slides "Mock Interview" steps
Jobs in Hort video	Shared Ag Science Career Finder video guide
Class slides	Deck: 17 slides, Words to Know first, "point to the picture" checks, recap
Her worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	8 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Resume practice uses first name only; never home address, phone or private info
- Interview: allow a written card with 1 skill + 1 example

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part
- Cover one choice to make it 2

4. What to grade

- Jobs presentation: Level 1 can present 3 picture slides (job, tools, place)
- **Notes**: same points as her worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in her files say "check with the class teacher".

🚧 Under construction (check with the class teacher)

- **Resume samples**: The class resume samples page is empty in the export.
- **Smith Gardens job research / Mock Job App**: Title only in the export; we use the general interview steps.

⚠️ Safety: tools and plants

- **Tools**: students may use all tools (pruners, knives, floral wire, low-temp glue guns) **with an adult right there**. Staff hand tools out, stay at the station, and count them back in. Cut-resistant gloves if possible.
- **Poinsettia sap** is milky and can irritate skin and eyes. Gloves on, no rubbing eyes, wash hands after.
- **Latex**: poinsettias are in the latex family. Students with a latex allergy wear non-latex (nitrile) gloves or skip handling; check health plans.
- **Bees and pollen**: check IEP/health plans for bee-sting or pollen allergies and know where the EpiPen is before greenhouse work.
- **Mouths**: no plants, soil, seeds, berries, fertilizer or rooting hormone in mouths. Students who mouth objects or have pica need one-to-one eyes in the greenhouse. Many plants (holly and mistletoe berries, some houseplants) are poisonous.
- **Chemicals**: rooting hormone and fertilizer with gloves, then wash hands. Pesticides and growth regulators are staff/teacher only; students never spray or handle them.
- **Greenhouse**: wet floors and hoses (slips), heat (water breaks), wet dry potting mix first (dust).

👩‍🌾 Jobs in Horticulture Notes

Horticulture 1 · Unit 1 · Level 1

Name: _____

✏️ A. Trace the word. Then copy it.

🍎 fruit _____

🌷 flowers _____

🥕 vegetables _____

💐 florist _____
