👩‍🏫 Staff Guide · Horticulture 1 · Unit 4 Plant ID (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in the class teacher's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: “Unit 4 Plant ID (all semester): 15-field Plant ID template, 16 bedding plants, irises, Plant ID quizzes and final”)	Level 1 piece
Plant ID how-to deck + template (15 fields)	Slides + Plant ID Card packet
16 bedding plants	Slides (4 per slide) + vocab cards + notes B
Plant ID quizzes #1-4 (live with real plants)	Modified quiz; for live ID, Level 1 points to the plant named
Plant ID final	Quiz + game
Class slides	Deck: 16 slides, Words to Know first, “point to the picture” checks, recap
Her worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	9 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Use the real greenhouse plants next to the picture cards
- Level 1 learns 8 plants; Level 2 learns all 16

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the “look for” part
- Cover one choice to make it 2

4. What to grade

- Plant ID live quizzes: Level 1 = point to the named plant from 2; Level 2 = name it from a word bank of 3
- **Notes**: same points as her worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in her files say “check with the class teacher”.

🚧 Under construction (check with the class teacher)

- **Plant ID paper quizzes**: Photo ID quizzes are done live with real plants and are not in the export.
- **Plant photos**: The class Plant ID deck photos are not ours to post; we use emoji cards. Add our own greenhouse photos later.

⚠️ Safety: tools and plants

- **Tools**: students may use all tools (pruners, knives, floral wire, low-temp glue guns) **with an adult right there**. Staff hand tools out, stay at the station, and count them back in. Cut-resistant gloves if possible.
- **Poinsettia sap** is milky and can irritate skin and eyes. Gloves on, no rubbing eyes, wash hands after.
- **Latex**: poinsettias are in the latex family. Students with a latex allergy wear non-latex (nitrile) gloves or skip handling; check health plans.
- **Bees and pollen**: check IEP/health plans for bee-sting or pollen allergies and know where the EpiPen is before greenhouse work.
- **Mouths**: no plants, soil, seeds, berries, fertilizer or rooting hormone in mouths. Students who mouth objects or have pica need one-to-one eyes in the greenhouse. Many plants (holly and mistletoe berries, some houseplants) are poisonous.
- **Chemicals**: rooting hormone and fertilizer with gloves, then wash hands. Pesticides and growth regulators are staff/teacher only; students never spray or handle them.
- **Greenhouse**: wet floors and hoses (slips), heat (water breaks), wet dry potting mix first (dust).

👩🏾‍🏫 Staff Guide · Plant ID Card (Level 1)

Horticulture 1 · Unit 4 · goes with the class “Plant ID template (15 fields)” (4 pts per plant). Level 1 = about 2nd-grade reading. Same activity, same day, same points as the class.

1. The pieces

- **Task card**: Modified from the class “Plant ID template (15 fields)”. 7 steps, one per box.
- **Prep sheet**: jobs, tools checklist, safety. Do it the day before or at the start.
- **Slides**: jobs, safety, steps, 3 checks.
- **Reflection**: replaces the written parts.
- **Game**: on the class site.

2. Prompts while they work

- Show me the first step.
- Which tool do we need now?
- Where do our hands go when the tool is cutting?
- What should we do when we finish?

3. Modifications

- Hand-over-hand or model first, then student tries
- Picture task card at the station
- Staff hold and pass every sharp tool

4. What to grade (4 pts per plant)

- Did the steps with support (photo proof)
- My Check page done
- Pointing, saying, or circling counts as a full answer.
- Modified grading only as the IEP allows. Check with the case manager.

5. Ask

- Mr. Driver (SLE).
