👩‍🏫 Staff Guide · Horticulture 1 · Unit 6 Seeds (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in the class teacher's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Unit 6 Seeds (textbook Unit 6): Unit 6 definitions and questions, parts of a seed diagram, special treatment of seeds (scarification), seeds worksheet and quiz, seed tri-fold brochure, Seed Stories final")	**Level 1 piece**
Unit 6 Definitions + Unit 6 Questions	Slides + notes A, B + quiz
Parts of a Seed diagram	Slide "Parts of a Seed" + vocab cards
Special Treatment of Seeds	Slide + notes B
Seed sowing (GH participation)	Sowing Seeds lab packet
Seeds Worksheet + Seeds Quiz (paper)	Team-written quiz (🚧)
Seed tri-fold brochure, Seed Stories final	Level 1/2: 3-panel picture brochure on one seed (use notes)
Class slides	Deck: 16 slides, Words to Know first, "point to the picture" checks, recap
Her worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	9 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Real bean seeds soaked overnight to open and find the parts
- Level 1: picture cards to sort seed parts

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part
- Cover one choice to make it 2

4. What to grade

- Seed tri-fold: Level 1 = 3 pictures + labels; Level 2 = 3 panels with 2 sentences each
- **Notes**: same points as her worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in her files say "check with the class teacher".

🚧 Under construction (check with the class teacher)

- **Seeds Quiz**: Paper quiz not in the export; our quiz is team-written.
- **Seeds Worksheet / Special Treatment of Seeds / Seed Stories**: Title only in the export.
- **Month-Long Seed Experiment**: Skipped for Horticulture 1 (saved for Horticulture 2).

⚠️ Safety: tools and plants

- **Tools**: students may use all tools (pruners, knives, floral wire, low-temp glue guns) **with an adult right there**. Staff hand tools out, stay at the station, and count them back in. Cut-resistant gloves if possible.
- **Poinsettia sap** is milky and can irritate skin and eyes. Gloves on, no rubbing eyes, wash hands after.
- **Latex**: poinsettias are in the latex family. Students with a latex allergy wear non-latex (nitrile) gloves or skip handling; check health plans.
- **Bees and pollen**: check IEP/health plans for bee-sting or pollen allergies and know where the EpiPen is before greenhouse work.
- **Mouths**: no plants, soil, seeds, berries, fertilizer or rooting hormone in mouths. Students who mouth objects or have pica need one-to-one eyes in the greenhouse. Many plants (holly and mistletoe berries, some houseplants) are poisonous.
- **Chemicals**: rooting hormone and fertilizer with gloves, then wash hands. Pesticides and growth regulators are staff/teacher only; students never spray or handle them.
- **Greenhouse**: wet floors and hoses (slips), heat (water breaks), wet dry potting mix first (dust).

👩🏾‍🏫 Staff Guide · Sowing Seeds & Transplanting (Level 1)

Horticulture 1 · Unit 6 · goes with the class “Garden Seed Propagation (GH participation) + transplanting” (4 pts). Level 1 = about 2nd-grade reading. Same activity, same day, same points as the class.

1. The pieces

- **Task card**: Modified from the class “Garden Seed Propagation (GH participation) + transplanting”. 8 steps, one per box.
- **Prep sheet**: jobs, tools checklist, safety. Do it the day before or at the start.
- **Slides**: jobs, safety, steps, 3 checks.
- **Reflection**: replaces the written parts.
- **Game**: on the class site.

2. Prompts while they work

- Show me the first step.
- Which tool do we need now?
- Where do our hands go when the tool is cutting?
- What should we do when we finish?

3. Modifications

- Hand-over-hand or model first, then student tries
- Picture task card at the station
- Staff hold and pass every sharp tool

4. What to grade (4 pts)

- Did the steps with support (photo proof)
- My Check page done
- Pointing, saying, or circling counts as a full answer.
- Modified grading only as the IEP allows. Check with the case manager.

5. Ask

- Mr. Driver (SLE).

⚠️ Safety: tools and plants

- **Tools**: students may use all tools (pruners, knives, floral wire, low-temp glue guns) **with an adult right there**. Staff hand tools out, stay at the station, and count them back in. Cut-resistant gloves if possible.
- **Poinsettia sap** is milky and can irritate skin and eyes. Gloves on, no rubbing eyes, wash hands after.
- **Latex**: poinsettias are in the latex family. Students with a latex allergy wear non-latex (nitrile) gloves or skip handling; check health plans.
- **Bees and pollen**: check IEP/health plans for bee-sting or pollen allergies and know where the EpiPen is before greenhouse work.
- **Mouths**: no plants, soil, seeds, berries, fertilizer or rooting hormone in mouths. Students who mouth objects or have pica need one-to-one eyes in the greenhouse. Many plants (holly and mistletoe berries, some houseplants) are poisonous.
- **Chemicals**: rooting hormone and fertilizer with gloves, then wash hands. Pesticides and growth regulators are staff/teacher only; students never spray or handle them.
- **Greenhouse**: wet floors and hoses (slips), heat (water breaks), wet dry potting mix first (dust).

🌰 Seeds Notes

Horticulture 1 · Unit 6 · Level 1

Name: _____

✏️ A. Trace the word. Then copy it.

🌰 seed _____

👶 embryo _____

💧 water _____

🌱 sprout _____

🖼️ B. Fill in the word. Use the pictures.

5. 🛡️ The seed's jacket is the _____.

6. 👶 The baby plant is the _____.

7. 💧 Seeds need _____ to sprout.

8. 🌿 First leaves are _____.

Word bank: 🌿 **cotyledons** | 👶 **embryo** | 🛡️ **seed coat** | 💧 **water**

⭕ C. Circle the right picture.

9. Seeds sprout when…

 Frozen	 Warm and wet

10. We start seeds in…

 Cars	 Trays

11. Seeds in my mouth?

 Never	 Yes

🔗 D. Draw a line from the picture to the word.

	embryo
	endosperm
	cotyledon
	seed coat

📖 Seeds: Vocabulary Picture Cards (Level 1)

Name: _____

Cut on the dashed lines. Use the cards to match, sort, or quiz a partner.

Seed

a baby plant in a shell

Seed coat

the seed's jacket

Embryo

the baby plant

Endosperm

food for the baby plant

Germination

when a seed sprouts

Cotyledon

first seed leaves

True leaves

the real leaves

Direct seeding

plant seeds in the garden

Indirect seeding

start seeds in trays first

🌱 Sowing Seeds & Transplanting

Horticulture 1 · Unit 6 · Level 1

Name: _____

Modified from the class “Garden Seed Propagation (GH participation) + transplanting”.

🧺 Supplies: get it. Check ☐.

- ☐  **Seed tray / cell pack**
- ☐ 🟫 **Seed-starting mix** pre-moistened
- ☐  **Seeds** marigold or bean
- ☐ 🏷️ **Plant label + marker**
- ☐  **Mister / watering can** gentle
- ☐ 🧤 **Gloves**

🌱 Do one box. Check ☐ it.

1		Gloves on.	☐
2		Fill the tray with wet mix.	☐
3		Poke a small hole.	☐
4		Drop in 1-2 seeds.	☐
5		Cover with mix.	☐
6		Label: name + date.	☐
7		Water gently.	☐
8		Wash hands.	☐

💡 *Bean seeds sprout in 5-7 days in a warm greenhouse; soak overnight first.*

🌱 Sowing Seeds & Transplanting · Get Ready

Horticulture 1 · Unit 6 · Level 1

Name: _____

👥 My job. Circle it.

👩‍🌾 **Grower** plants	🧺 **Supply helper** gets tools	📸 **Recorder** photos	🧽 **Clean-up captain** cleans

🧰 Get the tools. Check ☐.

- ☐ 🪴 Seed tray / cell pack
- ☐ 🟫 Seed-starting mix
- ☐ 🌰 Seeds
- ☐ 🏷️ Plant label + marker
- ☐ 🚿 Mister / watering can
- ☐ 🧤 Gloves

⚠️ Be safe!

- 🧤 Gloves on.
- 👄 Nothing in my mouth.
- ✂️ Tools with an adult.
- 😷 No dust.
- 🌰 Never eat seeds.
- 🧼 Wash hands.

✅ **Before we start**

☐ Gloves ☐ Apron ☐ Adult at station

Horticulture 1 · Unit 6 · Level 1

Name: _____

📸 My photos. Check ☐.

- ☐ 📸 Before
- ☐ 📸 During
- ☐ 📸 After

✅ I did it! Check ☐.

- ☐ 🧤 I used gloves
- ☐ 🌱 I did the plant job
- ☐ 🧽 I cleaned up
- ☐ 🤝 I helped my group

⭕ Circle one face.

🧤 **I was safe.**	😀	🙂	😕
👩‍🌾 **I did my job.**	😀	🙂	😕
🌷 **I liked it.**	😀	🙂	😕

⭐ I learned ____. Draw or write.

✅ Seeds Quiz

Horticulture 1 · Unit 6 · Level 1 · 8 questions. Circle the picture.

Name: _____

1. 🛡️ The seed coat…

- 🍞 Is food
- 🛡️ Protects the seed

2. 👶 The embryo is…

- 👶 The baby plant
- 🪨 A rock

3. 🍞 The endosperm is…

- 🍞 Food for the baby plant
- 🎵 Music

4. 💧 Seeds need ___ to sprout.

- 🥤 Soda
- 💧 Water

5. 🌿 The first leaves are…

- 🌸 Flowers
- 🌿 Cotyledons

6. 🌿 Next come…

- 🌿 True leaves
- 🍎 Apples

7. 🏡 Starting seeds in trays is…

- 🚀 Flying
- 🏡 Indirect seeding

8. 👄 Seeds in my mouth?

- 🚫 Never
- ✅ Yes
