👩‍🏫 Staff Guide · Health · Unit 2 Food & Nutrition (Level 2)

Level 2 = about 3rd-grade reading. SLE students stay in Mr. Finstuen's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Food & Nutrition module: Thoughts about the nutrition unit, Memorable Meals, Nutrient Notes & Impacts on Dimensions of Wellness, Nutrition Vocabulary, Macro and Micronutrients/Serving Sizes, digestive system diagram, Healthy Eating Plate, Design A Healthy Plate, Nutrition Labels, Sugar, Whole Foods & Farm to Fork, Meal Planning")	**Level 2 piece**
Thoughts about the nutrition unit; Memorable Meals	Review slide; Memorable Meals: student may tell or draw a favorite meal (optional, no food logs)
Nutrient Notes & Impacts on Dimensions of Wellness; Nutrition Vocabulary; Macro and Micronutrients	Slides "Nutrients", "Fats"; notes part A
Digestive system (coloring 12 parts) + Secrets of Your Gut excerpt	Slide "Digestive System" (labeled diagram); notes part B
Healthy Eating Plate Interactive; Design A Healthy Plate	Slide "Healthy Plate"; notes part B. Design a plate: student cuts or draws foods onto the plate drawing
Sugar; Nutrition Labels; Whole Foods & Farm to Fork; Meal Planning; documentaries	Slides "Sugar", "Label", "Farm to Fork"; notes part C. Meal plan: 1 breakfast, 1 lunch, 1 dinner from store flyers or websites with staff help
Class slides	Deck: 25 slides, Words to Know first, hold-up-1-2-3 checks, recap
His worksheets (grouped into lessons)	Guided notes: 21 items + key
Class quiz / notes check	Quiz: 10 questions + key
Vocabulary	8 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- Short lines, key words bold, word bank in every notes box
- Quiz: 3 choices, no "all of the above"
- The plate drawing stays in front of the student for every plate question
- Sugar math: 4 g = 1 teaspoon. A calculator is OK

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part

4. What to grade

- Notes stand in for Nutrient Notes and Nutrition Vocabulary (same points when complete)
- Meal plan: 3 meals with a picture each = full credit
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in his files say "check with Mr. Finstuen".

🚧 Under construction (check with Mr. Finstuen)

- **Nutrient Notes Kami pages + Nutrients Research Worksheet**: Turned in through an outside tool (Kami), so the pages are not in the export. Our notes follow his calendar topics.
- **Digestive system coloring sheet (12 parts)**: Not in the export. We use a public-domain labeled diagram instead.
- **Food documentary + Secrets of Your Gut excerpts**: Videos shown in class; titles and times are not in the export.

💗 Sensitive topic note

Food can be a hard topic. Some students live with food insecurity, and some have a difficult relationship with food or eating. Mr. Finstuen's unit opens by saying so. Never comment on what or how much a student eats, and never ask students to log what they eat. Meal plans can use any family or pretend menu. If you worry about a student's eating, tell Mr. Driver and the school counselor.
