📖 Food & Nutrition: Vocabulary Picture Cards (Level 2)

Name: _____

Cut on the dashed lines. Use the cards to match, sort, or quiz a partner.

🍗

Macronutrients

Nutrients we need in large amounts: carbohydrates, protein and fat (and water).

💊

Micronutrients

Nutrients we need in small amounts: vitamins and minerals.

🥦

Vegetables

Plants like broccoli and carrots. With fruit, they fill half of a healthy plate.

🌾

Whole grain

A grain with all its parts, like oats, brown rice and whole wheat. A quarter of the plate.

Whole food

Food close to how it grows, with one ingredient: an apple, beans, salmon.

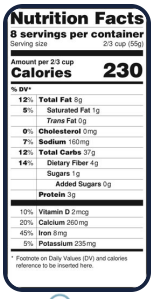

Processed food

Food changed a lot from how it grew, often with added sugar, salt or fat.

Added sugar

Sugar added to foods and drinks. A can of soda has about 10 teaspoons.

Nutrition label

The Nutrition Facts box on a package: serving size, calories, added sugars and more.
