👩‍🏫 Staff Guide · Health · Unit 3 Substance Use & Abuse (Level 1)

Level 1 = about 2nd-grade reading, with emoji and pictures. SLE students stay in Mr. Finstuen's lesson and use these pieces next to it: same topics, same order, same points.

1. How the pieces line up

Gen ed piece (Canvas: "Substance Use and Abuse module: Substance Use & Abuse Vocabulary, Progression of Use, Stages of Change, Risk and Protective Factors, Brain Development, Alcohol, Opioids & Fentanyl, Naloxone & the Good Samaritan Law, Evaluating Sources (CRAAP), School Substance Policy, Substance Use Quiz")	**Level 1 piece**
Substance Use & Abuse Vocabulary; Brain Development	Slides "Substances and the Brain"; notes part A
Progression of Use; Stages of Change	Slides "Progression", "Stages of Change"; notes parts A-B
Risk and Protective Factors (biological, psychological, social)	Slide "Risk vs. Protective" + Sam scenario, notes part B. Sort for Sam, never for the student
Alcohol; Opioids & Fentanyl; Naloxone & Good Samaritan Law	Slides "Alcohol and Overdose", "Fentanyl and Naloxone"; notes part C
Evaluating Sources (CRAAP); School Substance Policy; Substance Use Quiz	Slide "Check Your Sources"; notes part C; quick check stands in for the Substance Use Quiz
Class slides	Deck: 19 slides, Words to Know first, "point to the picture" checks, recap
His worksheets (grouped into lessons)	Guided notes: 15 items + key
Class quiz / notes check	Quiz: 8 questions + key
Vocabulary	8 picture cards (cut apart)
—	1 game on the class site: 10 questions + a matching round

2. Supports built in

- **Read aloud** every line; student may point, say, or circle (point = full answer)
- One idea per slide; big pictures; 2–3 picture choices
- Use person-first language in all talk
- Refusal skills: practice "No thanks" with staff, not peers acting as offerers

3. Add these as the IEP allows

- Read-aloud · extended time · separate setting
- Printed slides · videos paused at the "look for" part
- Cover one choice to make it 2

4. What to grade

- Quick check stands in for the Substance Use Quiz (same points)
- Notes stand in for the vocabulary and stages-of-change worksheets
- **Notes**: same points as his worksheets for that lesson when complete.
- **Quiz**: score, then scale to the class points.
- These are **modifications** (less content). The IEP must allow modified grading. Check with the case manager.

5. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm in his files say "check with Mr. Finstuen".

🚧 Under construction (check with Mr. Finstuen)

- **School substance policy scenarios (zero-tolerance vs. restorative)**: His policy scenario sheet is not in the export; we only teach the two policy words.
- **Substance Use research slide (student-chosen drug)**: Turned in through an outside tool; the template is not in the export.
- **Guest speaker / recovery video notes**: Video titles and times are not in the export.

💗 Sensitive topic note

Some students have family members who use substances or are in recovery, and some may use themselves. Use person-first words (a person with a substance use disorder, not an addict). Never ask a student about their own or their family's use. Risk and protective factors are sorted for a made-up character, not the student. If a student shares something worrying, tell Mr. Driver and the school counselor. Crisis help: call or text 988; in an emergency call 911.
