👩‍🏫 Staff Guide · Health · Unit 6 Safety, First Aid & CPR (Level 3)

Level 3 = students who can work close to the gen ed lesson. No slide decks: students follow Mr. Finstuen's lesson with Level 3 readings and guided notes (both have a 🔊 read-aloud copy online).

1. How the pieces line up

Gen ed lesson	Level 3 piece
Injury Prevention; Emergency Scenarios; When to Call 911	Reading paragraphs 1-2; notes part A
First Aid Basics; Heart Attack vs. Cardiac Arrest	Reading paragraphs 2-3; notes part B
Hands-Only CPR & AED	Reading paragraph 4; notes part C (CPR math); manikin practice
Choking; Summer Safety Project	Reading paragraph 5; notes part C; quick check; summer poster

2. Supports built in

- Reading + notes have a 🔊 read-aloud copy online
- Manikin only for CPR
- Any student may step out of a scenario

3. What to grade

- Quick check stands in for the CPR/first aid quiz
- Summer safety poster: 3 tips + sources = full credit
- Modified grading only as the IEP allows. Check with the case manager.

4. Who to ask

- Mr. Driver (SLE): changes and IEP questions.
- Facts we could not confirm say “check with Mr. Finstuen”.

🚧 Under construction (check with Mr. Finstuen)

- **8 emergency scenario cards**: His scenario titles are in the export but not the full cards; we use 3 written scenarios at Level 3.
- **CPR training video + certification steps**: Video and any certificate process are not in the export.
- **Summer Safety Project rubric**: Turned in through an outside tool; the rubric is not in the export.

💗 Sensitive topic note

Some students may have been in an emergency or lost someone. Let any student step out of a scenario. CPR practice is on a manikin only, with staff; never on a person. Students do not need to share past emergencies.
